DIRECTOR'S Welcome

It is an honor and a privilege to serve Clemson University as the Senior Associate Athletic Director for Academic Development, and Director of Athletic Academic Services. The 2018-2019 year has been a banner year academically, as many of our Clemson University student-athletes and their teams received conference and national recognition for their academic achievements this academic year.

Our Graduation Success Rate (GSR) reported this year matched last year's institutional all-time high of 92% for all student-athletes. We also had ten teams report a perfect 1000 single-year Academic Progress Rate (APR) score to the NCAA. In addition, all of our teams posted a 952 multiyear APR score or higher, with the required score by the NCAA being 930.

Clemson University has a long-standing history of academic excellence in athletics. Clemson University Athletic Academic Services (AAS) is dedicated to serving the needs of our student-athletes academically and athletically. The primary mission of the Athletic Academic Services staff is to provide all student-athletes with the appropriate resources and support they need to excel in academics and athletics. We strive to provide a first class experience in academic support, while maintaining the highest level of academic integrity.

Through this annual report you will see the direct results of the Athletic Academic Services staff's commitment to our student-athletes, and the unwavering dedication our student-athletes exhibit in their pursuit of excellence in the classroom. As a department, we are very proud of all of our athletic teams and the many accomplishments they achieved academically during the 2018-2019 campaign.

Advising Services

The Athletic Academic Services department has eight full-time Academic Coordinators. These coordinators oversee all of the athletic teams at Clemson, and most of our coordinators work with multiple teams. The 2018 - 2019 team assignments are listed below.

BASEBALL: LINDSEY RICKETTS

MEN'S BASKETBALL: LESLIE MORELAND

FOOTBALL: MATT LOMBARDI & LUKE FIESER

MEN'S GOLF: LESLIE MORELAND

MEN'S SOCCER: LINDSEY RICKETTS

MEN'S TENNIS: YASHICA MARTIN

MEN'S TRACK/CROSS COUNTRY: HANNON MAYLEE & SARAH-JO LAWRENCE

WOMEN'S BASKETBALL: SARAH-JO LAWRENCE

WOMEN'S GOLF: LESLIE MORELAND

WOMEN'S ROWING: YASHICA MARTIN

WOMEN'S SOCCER: ERIN DECHELLIS

SOFTBALL: ERIN DECHELLIS

WOMEN'S TENNIS: YASHICA MARTIN

WOMEN'S TRACK/CROSS COUNTRY: HANNON MAYLEE & SARAH-JO LAWRENCE

VOLLEYBALL: HANNON MAYLEE

Although coordinators work primarily one-on-one with their student-athletes, they communicate frequently with coaches and support staff. Some of the most important ways that our coordinators serve our student-athletes include the following:

- Monitoring NCAA eligibility
- Meeting weekly with student-athletes to discuss academic progress
- Facilitating communication between student-athletes, professors and coaches
- Supporting student-athletes during course registration, major selection and other academic processes
- Arranging enhanced learning support
- Meeting with prospective student-athletes and parents during campus visits

Each coordinator meets regularly with student-athletes who qualify for the *Engage, Enrich, Empower (EEE)* program. The EEE program is designed to ensure each student-athlete receives the academic support necessary to be successful. In addition to a required number of weekly, independent study hall hours, EEE students meet with their academic coordinators once a week. Based on class, GPA, and coordinator discretion, the EEE program is split into the following three tiers:

- **Tier 1: 10 hours of study hall**
 - 1st semester freshmen
 - 2nd semester freshmen < 2.60
 - 1st year students with a learning specialist
- **Tier 2: 8 hours of study hall**
 - 2nd semester freshmen < 3.00 but > 2.60
 - Sophomores with GPA < 2.60
 - Juniors/Seniors with a GPA < 2.30
 - Transfers > 2.60 at previous institution
- **Tier 3: Coordinator discretion**

Educational Services

The Educational Services team is comprised of learning specialists, tutor coordinators, tutors (see tutorial services page) and strategic mentors.

Learning Specialists are tasked with identifying and supporting under-prepared student-athletes. They also design and implement learning strategies, as well as monitor the academic progress of student-athletes. They provide individualized instruction on learning strategies and other intervention strategies to help students gain the academic skills necessary to earn a Clemson degree.

The mission of the Educational Support Services group is to provide academic support to all student-athletes, specializing in providing under-prepared student-athletes with the tools necessary to foster academic independence. These student-athletes typically work with a learning specialist during their freshmen and/or sophomore years then transition to work independently or with a *Strategic Mentor*. Strategic mentors, under the supervision of learning specialists, support student-athletes by:

- Assisting with developing semester plans
- Providing guidance on time management, task management and organizational strategies
- Monitoring adherence to weekly study schedules
- Developing study skills and learning strategies

SPORT	NUMBER OF STUDENTS WITH LEARNING SPECIALIST
FOOTBALL	29
MEN'S BASKETBALL	2
MEN'S SOCCER	4
MEN'S TRACK	4
WOMEN'S BASKETBALL	4
WOMEN'S TRACK	4
VOLLEYBALL	1

Currently, student-athletes from seven teams are assigned to learning specialists. Student-athletes from any team may receive the services provided by learning specialists, if necessary. The following information is used to help determine whether a student-athlete should be placed with a learning specialist:

- NCAA Graduation Risk Overview Chart
- SAT/ACT Test Scores
- High School GPA
- Background/Family history
- Director discretion

tutorial services

The Athletic Academic Services tutoring program provides academic support across a wide variety of courses and academic disciplines. With a staff of 115 - 122 qualified undergraduate and graduate student tutors, the program provided content tutoring to over 400 student-athletes in close to 60 subject areas in 2018-2019. The tutors are an integral part of a team effort to help student-athletes succeed at Clemson University. One of the major goals of the tutoring program this year was to improve tutor preparation and reinforce a culture of academic integrity.

Tutor Appointments by Sport

Tutorial Services

One of the largest employers for students on campus, the Athletic Academic Support Tutoring Program provides an enriching work experience for student tutors, while also playing a major role in supporting Clemson Student-Athletes. The Dan and Nancy Garrison Learning Lab features office space for Learning Specialists and Tutor Coordinators, 44 private tutor rooms with upgraded technology, as well as several independent study areas. This space allows us to provide up to nearly 300 tutoring appointments daily during the Fall 2018 and Spring 2019 semesters.

TUTOR FEEDBACK

"I really enjoy forming connections with all of the students. I like the challenge of finding the best way for them to learn."

"I was able to apply the knowledge I gained through training directly to my tutoring sessions, and the evaluations and feedback were valuable as well."

"Tutor training was thorough and made me feel like I was completely prepared when entering my first tutoring session."

"The tutoring department created a great atmosphere and always communicated clearly and effectively."

STUDENT-ATHLETE FEEDBACK

"My tutor always came prepared with new ways to present course material to me. I am a visual learner, and she definitely took that into consideration when planning our meetings."

"Even on days when I was tired, my tutor was understanding, yet made sure that I was productive."

"My tutor would take the most complicated topics and make them seem easy to remember and understand during our sessions."

IMMersion program

The mission of the Immersion Program is to educate and equip incoming student-athletes with the critical skills to transition to the Clemson environment by providing them with the initial foundation necessary to be successful in balancing academics, athletics and life in college. Three Immersion Programs are held throughout the year for each new class of student-athletes. The Immersion Committee collaborates with many groups on campus to provide information about resources for our student-athletes.

During the 2018-2019 Academic Year our Immersion Program included:

- Nieri Center Orientation
- Review of Student-Athlete Handbook
- Laptop Distribution and Set-up
- Technology Presentation
- Academic Integrity Presentation
- EEE Orientation
- Professor Panel on Classroom Etiquette
- Mental and Sexual Health Presentation
- Sexual Consent Presentation
- Social Media Presentation
- Student-Athlete Advisory Committee Panel

The Immersion committee was comprised of the following members: Sarah-Jo Lawrence - chair, Maria Herbst - oversight, Erin DeChellis, Anthony Hines, Julian Jones and Roz Pitts. In addition to executing our Immersion Program, the Immersion Committee developed and completed these initiatives for the academic year:

- Revised Immersion Program Mission Statement
- Evaluated program to more effectively meet mission statement
- Restructured Summer Immersion program

SUMMER 2018 - 72 STUDENTS

SPRING 2019 - 23 STUDENTS

eee program

The Athletic Academic Services' comprehensive academic achievement plan embodies the concepts of Engage, Enrich and Empower (EEE). The mission of EEE is to engage all student-athletes academically, to enrich student-athletes' learning experience and to empower all student-athletes to become independent, life-long learners equipped with a Clemson University degree. Key concepts of EEE include the following:

- Active learning environment
- Weekly study plans
- Enhance classroom learning
- Support classroom instruction
- Connect academic effort with achievement

ENGAGE

The Nieri Family Student-Athlete Enrichment Center provides a classroom and a computer lab for student-athletes that are required to earn weekly EEE hours. Throughout the academic year, these spaces are staffed with strategic monitors during the following hours:

- **Sunday:** 3 PM - 9:30 PM
- **Monday:** 8 AM - 9:30 PM
- **Tuesday:** 8 AM - 9:30 PM
- **Wednesday:** 8 AM - 9:30 PM
- **Thursday:** 8 AM - 9:30 PM
- **Friday:** 8 AM - 2 PM

ENRICH

Although the computer lab and classroom are utilized primarily by student-athletes in the EEE Program, other student-athletes frequently use these spaces between classes, and either prior to or after tutor appointments or meetings with their academic coordinators. During the Fall 2018 and Spring 2019 semesters, student-athletes logged over 16,318 hours of independent study time in the classroom and computer lab.

Fall 2018: 10,333 Hours & 54 Minutes

Spring 2019: 5,984 Hours & 18 Minutes

EMPOWER

internal operations

The Internal Operations Department in the Nieri Center oversees attendance verification processes, laptop distribution, golf carts and part-time office staffing.

Attendance Verification

All student-athletes in the EEE program, as well as a group of select student-athletes, are checked for class attendance on a daily basis. With a staff of 40 part-time student workers, we check approximately 1,900 student-athletes' classes per week. Reported absences are verified with professors and reported to academic coordinators, coaches and sport supervisors, in accordance with the University's Provost Manual.

ATTENDANCE VERIFICATION

Laptop Distribution

All scholarship student-athletes are issued an Apple MacBook Pro during Immersion. For Summer 2018, Fall 2018 and Spring 2019, our department issued 133 laptops to incoming freshmen, transfers, and athletes recently awarded a scholarship. In the event that a student-athlete has a technical issue with their issued laptop, they are instructed to have it repaired on campus at CCIT. A loaner laptop is issued from our department until the repair is complete.

LAPTOPS

Golf Carts - injury transportation

Our department utilizes three multi-passenger golf carts to transport injured athletes to and from classes throughout the academic year. For Fall 2018, we transported athletes on 697 occasions for an average of approximately 41 trips per week. For Spring 2019, there were 603 total trips, for an average of approximately 35 trips per week.

Student-Athlete Development

Mission

Clemson Student-Athlete Development is dedicated to the holistic development of student-athletes to propel them toward success at Clemson and in life, through career development, community service and outreach, leadership development, and personal enhancement and responsibility. Through a variety of programming, the Student-Athlete Development staff conducts multiple community service projects, as well as professional and career development workshops. They also oversee SAAC (Student-Athlete Advisory Committee) and the Tiger Leadership Academy.

Tiger Leadership Academy

The Tiger Leadership Academy (TLA) is a three-year program designed to enhance student-athletes' leadership abilities and increase their effectiveness on their teams, in the Clemson community, and in life.

"TLA has taught me how to evaluate a situation and tailor my communication skills to be the most effective I can be. Being on a team with over 60 girls can be overwhelming, but TLA has equipped me with the skills and confidence I need to excel in this environment." - **Elise Sum - Rowing**

UPIC: Beyond the Game

UPIC: Beyond the Game is a semester long program that is a partnership with Clemson University's UPIC Office and Clemson Student-Athlete Development to place student-athletes in internship positions within Clemson Athletics and other university departments.

"The UPIC Internship program has allowed me to grow, not only professionally, but also personally. Meeting, working, and talking to new people from all different backgrounds has allowed me to learn a great deal about myself and about how things are handled in the real world." - **Terrell Jackson - Men's Track**

tiger trust Program

Clemson’s Tiger Trust program provides an opportunity for all student-athletes who have left the university prior to the completion of their degree to pursue a professional career in sports, to return to Clemson University to earn their undergraduate degree. Those accepted into the Tiger Trust program receive a full scholarship from the athletic department and IPTAY. The scholarship includes tuition and fees, room and board, and books. The Tiger Trust program began in January 2015 to solidify Clemson’s promise to provide an opportunity for all student-athletes to successfully graduate.

Our student-athletes have a wide variety of academic interests. With representation in each of Clemson University's seven colleges, our student-athletes are working towards Bachelor's Degrees in nearly 50 different disciplines. Clemson's College of Behavioral, Social & Health Sciences hosts the largest number of student-athletes with degrees in the following disciplines: Communication, Health Sciences, Parks, Recreation & Tourism Management, Psychology, Sociology, and Sports Communication. With 113 student-athletes majoring in Accounting, Economics, Financial Management, Graphic Communication, Management and Marketing, the College of Business is host to 26% of our student-athletes. The table above highlights the breakdown of student-athletes by college, while the chart to the left provides a visual representation of the number and percentage of student-athletes in each college.

Additionally, we have several student-athletes who are pursuing their graduate degrees in areas such as: Business Administration (1), Athletic Leadership (5) and Communication (1).

GPA Report

The charts below provide a recent history of team GPA's from Fall 2014 to Spring 2019. The highest Team GPA for each term for both Men's Sports and Women's Sports is noted in **bold** print. It is also useful to compare the GPA's of teams when they are in and out of their competition season. With ten teams earning a GPA over 3.0 for the Fall 2018 term and seven teams earning a GPA over 3.0 for the Spring 2019 term, eight teams earned a cumulative GPA over 3.0 for the 2018 - 2019 academic year.

^ - Indicates improvement in multiyear APR

Academic Progress Rate (APR) measures the academic progress of student-athletes by looking at academic eligibility and retention. The NCAA Division I Board of Directors has set a score of 930 (out of 1,000) as a threshold for teams to meet or face possible sanctions.

During the 2017-18 academic year, ten Tiger programs posted perfect 1000 single-year scores, and each of the 18 programs posted a multi-year rate of over 952. According to the NCAA, an APR of 930 projects a 50% Graduation Success Rate (GSR). In addition to impressive department wide APR scores, Clemson's overall GSR for 2008-2011 is 92%.

Clemson's 18 athletic programs each exceeded the NCAA baseline APR thresholds for the 2017-18 year. For the third straight academic year, Clemson had at least six teams earn APR awards for recroding multi-year ARP scores in the top 10% of their sport nationally. The following programs earned this distinction: Baseball, Football, Men's Cross Country, Women's Golf, Women's Soccer and Volleyball. Clemson was one of only two FBS schools to earn APR awards in both football and baseball.

CLEMSON GSR - Overall: 92 (2008-2011)						
MEN'S SPORTS						
Baseball	Basketball	XC/Tr. & Field	Football	Golf	Soccer	Tennis
100	^100	^78	^87	100	^92	100
WOMEN'S SPORTS						
Basketball	XC/Tr. & Field	Rowing	Soccer	Tennis	Volleyball	
88	^96	^93	^96	100	100	

The overall athletic department rate of 92% set a school record.

Graduation Celebrations

Clemson University graduated 82 student-athletes during the Summer 2018 (16), Fall 2018 (27) and Spring 2019 (49) academic semesters. In addition to 82 current student-athletes, six former Clemson student-athletes successfully completed their degrees this past academic year. The six former student-athletes were participants in the Tiger Trust Program; two earned their degrees in Summer 2018, three graduated in Fall 2018, and one graduated in Spring 2019.

Each fall and spring a graduation brunch is held in the West Endzone of Memorial Stadium to celebrate the academic milestones of Clemson student-athletes who have earned their degree. Graduating student-athletes are recognized in front of family, friends, coaches, athletic administration and the Athletic Academic Services staff.

At the graduation brunch, student-athletes receive orange 'student-athlete' stoles to wear during the graduation ceremony held at Littlejohn Colliseum. They also receive a portfolio and gift card to purchase professional clothing that they can utilize in their future careers.

In addition to President Jim Clements, Athletics Director Dan Radakovich, IPTAY Director Davis Babb and Athletic Academic Services Director Steve Duzan, two graduating student-athletes spoke prior to the presentation of the graduation stoles. Patrick Bunk-Andersen (Men's Soccer) and Sam Staab (Women's Soccer) delivered the student-athlete remarks for the Fall 2018 event, while Darron Coley (Men's Track) and Nolan Lennon (Men's Soccer) spoke during the Spring 2019 reception.
