FY 1992-93 University Budget

This is the lowest percentage of state funding (39%) for more than a decade. For the second consecutive year, state funding through the Commission on Higher Education is off the formula. This will result in Clemson receiving only 68.8% of the full formula amount of $116.8 million, while higher education will be funded at 72.1%. Due to the tight fiscal times and the University’s program needs, the budget includes $3.1 million in expenditure reductions. The budget also includes a fee increase of 5%, a state mandated 2% base pay increase, a state mandated bonus and an additional $.8 million for the faculty salary program.

Recommendation: To approve the 1992-93 University Budget in the amount of $326.9 million.

Action: Approved
