

NOTE: Advising worksheets are supplemental planning aids. Every effort is made to ensure accuracy; however, it is the student's responsibility to understand and meet degree requirements as stated in the applicable Undergraduate Announcements. Pre-Business is not a degree-granting program. All Pre-Business students must complete the Pre-Business freshman core (core courses listed in ***BOLD ITALICS***) and have a cumulative grade-point ratio of *2.0 or better before* being admitted into the Economics major. Registration for 3000- and 4000-level business courses may be restricted to students in their degree major, so students should endeavor to complete the core requirements and declare Economics as their major as soon as possible.

² Not used.

³ Elective hours may be used for courses not required by General Education or your major curriculum and may be taken in any combination or at any time during your college career.

⁴ See General Education requirements (p.37 in Undergraduate Announcements). Some general education requirements may be satisfied by other courses in the curriculum (double-dipping). In this case, elective hours will be used.

⁵ Students minoring in Financial Management may not use FIN 3110 to satisfy any minor requirement. See departmental advisor.

⁶ Three credit hours must be selected from ECON 3440, 3500, 3600, 4020, 4040, 4100, 4240, 4260, 4350, 4550. Note: Only ECON courses numbered 3160 and above may be used to satisfy the major requirement.

⁷ Economics majors may choose, in consultation with their departmental advisors, any University-approved minor (see p. 90 Undergraduate Announcements).

⁸ Students who complete a minor in Accounting must complete three hours of electives to replace the ACCT 201 requirement in the Economics major.

⁹ Reserving this course, electives, and coursework for some minors (when possible) increases study abroad opportunities. Contact the Office of Student Enrichment (374 Sistine) for further information and assistance with study abroad opportunities.
