

NOTE: Advising worksheets are supplemental planning aids. Every effort is made to ensure accuracy; however, it is the student's responsibility to understand and meet degree requirements as stated in the applicable Undergraduate Announcements. Pre-Business is not a degree-granting program. All Pre-Business students must complete 30 hours, including core courses listed in the freshman curriculum (core courses are listed below in ***BOLD ITALICS***) and have a cumulative grade-point ratio of *2.0 or better* before being admitted into a degree-granting business program (exception: Marketing requires a 3.0 gpr). Students *must* complete the freshman core and declare a business major by the end of their fourth semester; however, in order to maintain timely progress toward graduation, students should declare a major by the end of their second semester. Registration for nearly all 300- and all 400-level business courses is restricted to students in their degree major.
