

NOTE: Advising worksheets are supplemental planning aids. Every effort is made to ensure accuracy; however, it is the student's responsibility to understand and meet degree requirements as stated in the applicable Undergraduate Announcements.

Psychology BS Advising Worksheet (2008-09)

Freshman Year

First Semester

- 4 BIOL 103/105 General Biology I
- 3 PSYCH 201 Introduction to Psychology
- 1 PSYCH 202 Introductory Psychology Lab
- 3 PHIL 102 Introduction to Logic
- 3 MTHSC¹ _____
- 14 Hours

Second Semester

- 4 BIOL 104/106 General Biology II
- 3 ENGL 103 Accelerated Composition
- 3 MTHSC¹ _____
- 3 PSYCH Requirement² _____
- 3 Elective⁶ _____
- 16 Hours

Sophomore Year

First Semester

- 4 PSYCH 309 Intro. Experimental Psychology
- 3 MTHSC¹ _____
- 3 Natural Science³** _____
- 3 Literature⁴ _____
- 1 Elective⁶ _____
- 14 Hours

Second Semester

- 4 PSYCH 310 Advan. Experimental Psychology
- 3 Social Science⁵ _____
- 3 Natural Science³** _____
- 3 Cross Cultural Awareness⁷ _____
- 3 Elective⁶ _____
- 16 Hours

¹ **All** students (including transfer students with incoming math credit) are *required* to take the Clemson Math Placement Test (CMPT) *prior* to registering for their first math course at Clemson. If a student elects to take MTHSC 106 or 108, one credit-hour will be applied toward the elective hour requirement. See advisor for information on course selection. NOTE: Three courses in mathematics are required. See General Education Requirements (p. 34 Undergraduate Announcements). To take the test, go to <http://www.math.clemson.edu/CMPT/> and follow the instructions.

² See back of worksheet for footnote 2.

³ See the Psychology Department Student Handbook for approved courses. Three additional science courses are required beyond the freshman Biology series. **NOTE: Two of these courses must be a sequence in the same Natural Science other than Biology.** Extra credit hours earned from a required lab will count toward the final science requirement.

⁴ See General Education Requirements, p.34 Undergraduate Announcements.

⁵ See General Education Requirements, p.34 Undergraduate Announcements; may not be a Psychology course.

⁶ Elective hours may be used for courses not required by General Education or your major curriculum and may be taken in any combination or at any time during your college career.

⁷ See General Education Requirements (p. 34 Undergraduate Announcements). This requirement may be satisfied by "double-dipping" other courses in the curriculum. In this case, elective hours may be substituted.

⁸ See list of approved minors (p. 83 Undergraduate Announcements).

Note:

1. Students must place material in an electronic General Education portfolio to document their work on General Education competencies. Information and instructions are available at <http://MyCLE.clemson.edu>.
2. Students may elect to substitute BIOL 110 and 111 for BIOL 103/105 and 104/106. In this case, the extra two credit hours will count toward the junior semester science requirement.
3. The Psychology department also publishes a 2008-2009 handbook for your use.

Junior Year

First Semester

- 3 PSYCH Requirement² _____
- 1 PSYCH Lab² _____
- 3 Minor⁸ _____
- 3 ENGL 304, 312, or 314 _____
- 3 Science³ _____
- 3 Elective⁶ _____

16 Hours

Second Semester

- 3 PSYCH Requirement² _____
- 3 Minor⁸ _____
- 3 COMM 150 Intro. to Communications or
COMM 250 Public Speaking or approved
cluster.
- 3 Social Science⁵ _____
- 3 Elective⁶ _____

15 Hours

Senior Year

First Semester

- 1 PSYCH 492 Senior Lab in Psychology
- 3 PSYCH Requirement² _____
- 3 PSYCH Requirement² _____
- 3 Minor⁸ _____
- 3 STS Requirement⁷ _____
- 1 Elective⁶ _____

14 Hours

Second Semester

- 3 PSYCH Req. (Elective)² _____
- 3 Minor⁸ _____
- 3 Minor⁸ _____
- 3 Elective⁶ _____
- 3 Elective⁶ _____

15 Hours

Total Hours 120

² The Bachelor of Science program requires PSYCH 201, 202, 309, 310, 492, and 19 additional credit hours in Psychology. Select sixteen (16) credit hours as follows: two courses from the Biological & Cognitive Area, one course from the Applied Area, one course from the Foundations in Science area, and one course from the Individual & Group Area. Students are also required to take a laboratory course, which is typically 1 credit hour. The remaining three (3) required credit hours is a Psychology elective, and students may fulfill these hours in a variety of ways. Majors must take at least six credit hours from 400-level Psychology courses, with at least three hours from courses numbered between 400 and 489. BIOSC 470 may be taken in lieu of one 300- or 400- level elective Psychology course. Students should consult their departmental advisor for other degree requirements and course recommendations.

Required Courses

Biological & Cognitive - Select 2

- ___ 324 Physiological Psychology
- ___ 333 Cognitive Psychology
- ___ 422 Sensation and Perception

Applied - Select 1 course:

- ___ 275 App Psych & Transportation
- ___ 355 Environmental Psychology
- ___ 364 Industrial Psychology
- ___ 368 Organizational Psychology
- ___ 375 Psych of Substance Abuse
- ___ 435 Human Factors Psychology
- ___ 456 Applied Psychophysiology
- ___ 480 Health Psychology

- ___ 483 Abnormal Psychology

- ___ 488 Theories of Psychotherapy
