*PSYCH 325 & 334 have co-requisites of PSYCH 324 & 333 respectively. PSYCH 324 & 333 do not have co-requisites.					

<sup>&</sup>lt;sup>1</sup> Two semesters (through 202) in the same modern foreign language are required. Language courses at the 100-level are now considered "prep" courses and count as electives.

<sup>&</sup>lt;sup>2</sup>See General Education Mathematics Requirement. Students need to take two courses from the approved list. All students are required to take the Clemson Math Placement Test (CMPT) prior to registering for math courses.

<sup>&</sup>lt;sup>3</sup>See General Education Social Science Requirement for a list of acceptable courses. Note that PSYCH 201 fulfills three of the six required hours. The remaining three hours must be in an area other than Psychology.

<sup>&</sup>lt;sup>4</sup>ENGL 103 fulfills the General Education English Composition Requirement.

<sup>&</sup>lt;sup>5</sup>See General Education Arts and Humanities (Non Literature) Requirement for a list of acceptable courses.

<sup>&</sup>lt;sup>7</sup>See General Education Arts and Humanities (Literature) Requirement for a list of acceptable courses.

<sup>&</sup>lt;sup>8</sup> See the General Education Cross-Cultural Awareness Requirement (CCA) for a list of acceptable courses. Note that approved CCA courses may, in some cases, double-dip with courses fulfilling other requirements.

<sup>&</sup>lt;sup>9</sup>A two-semester sequence in the same natural science, each including a laboratory, is required by the department. Recommended sequences include: ASTR 101-104; BIOL 103-106; BIOL 110-111; CH 101-102; CH 105-106; GEOL 101, 103, 112, & 114; PHYS 122, 124, 221, & 223; PHYS 207-210.

<sup>&</sup>lt;sup>10</sup>Any minor that has been approved by the University and listed in the *Undergraduate Announcements* is acceptable. No course may satisfy requirements for both the major and the minor. Courses used to fulfill the General Education Requirements, however, may be counted toward the minor. If a minor requires more than the allotted 15 hours, replace elective hours with the minor.

<sup>&</sup>lt;sup>11</sup>See General Education Science & Technology in Society Requirement (STS) for a list of acceptable courses. Note that approved STS courses may, in some cases, double-dip with courses fulfilling other requirements.

<sup>&</sup>lt;sup>12</sup>See General Education Oral Communication Requirement for a list of acceptable courses.
