¹Two semesters (through 2020) in the same modern foreign language are required. Language courses at the 1000-level are now considered "prep" courses and count as electives.

²See General Education Mathematics Requirement. Students need to take one courses from the approved list. All students are required to take the Clemson Math Placement Test (CMPT) prior to registering for math courses.

³See General Education Social Science Requirement for a list of acceptable courses. Note that PSYC 2010 fulfills three of the six required hours. The remaining three hours must be in an area other than Psychology.

⁴ENGL 1030 fulfills the General Education English Composition Requirement.

⁵See General Education Arts and Humanities (Non Literature) Requirement for a list of acceptable courses.

⁶The Bachelor of Arts program in Psychology requires PSYC 2010, 2020, 3090, 3100, 4920, and 19 additional credits selected from PSYC 2750 and/or 3000-4000-level psychology courses arranged as follows:

At least six credits from the Biological and Cognitive menu: PSYC 3240, 3330, 4220

At least three credits from each of the following menus:

Applied – PSYC 2750, 3640, 3680¹⁵, 3830, 4350, 4560, 4800, 4880

Individuals and Groups – PSYC 3400, 3520¹⁵, 3700

At least one credit from the Laboratory/Research menu – PSYC 3250, 3340, 4230, 4560, 4710, 4900, 4930, 4950, 4970, 4980

At least six credits must be from 4000-level psychology courses, with at least three of those credits from psychology courses numbered between 4000 and 4890.

Students satisfying both the Applied and Laboratory/Research requirements with PSYC 4560 must still satisfy the requirement for 19 additional credits in Psychology.

⁷See General Education Natural Science with Lab Requirement. Students need to take one course from the approved list.

⁸See General Education Arts and Humanities (Literature) Requirement for a list of acceptable courses.

⁹See the General Education Cross-Cultural Awareness Requirement (CCA) for a list of acceptable courses. Note that approved CCA courses may, in some cases, double-dip with courses fulfilling other requirements.

¹⁰See the General Education Mathematics or Natural Sciences Requirement. Students need to take one course from the approved list.

¹¹Three credit hours, in addition to the Mathematics and Natural Science General Education Requirements, are required. Select any mathematics course that satisfies the General Education Requirement, any EXST or MTHS course at the 3000-level or higher, any natural or physical science course on the departmental list of acceptable courses, or any relevant course with the approval of the Psychology Department Chair.

¹²Any minor that has been approved by the University and listed in the *Undergraduate Announcements* is acceptable. No course may satisfy requirements for both the major and the minor. Courses used to fulfill the General Education Requirements, however, may be counted toward the minor. If a minor requires more than the allotted 15 hours, replace elective hours with the minor.

¹³See General Education Science & Technology in Society Requirement (STS) for a list of acceptable courses. Note that approved STS courses may, in some cases, double-dip with courses fulfilling other requirements.

¹⁴See General Education Oral Communication Requirement for a list of acceptable courses.

¹⁵Reserving this course, electives, and coursework for some minors (when possible) for a study abroad semester increases study abroad opportunities. Contact the Office of Student Enrichment (374 Sirrine) for further information and assistance with study abroad opportunities.
