Psychology BS Advising Worksheet (2013-2014)

(Students may take required courses in semesters other than those indicated on this worksheet.)

Freshman Year

First Semester	Second Semester
3 PHIL 1020 Introduction to Logic ¹	3 ENGL 1030/1031 Accelerated Composition ⁴
3 PSYC 2010 Introduction to Psychology	4 Departmental Life Science Requirement ²
1 PSYC 2020 Introductory Psychology Lab	3 Departmental Mathematics Requirement ⁵
4 Departmental Life Science Requirement ²	3 Major Requirement ⁶
3 Mathematics Requirement ³	3 Elective
14 Total Hours	16 Total Hours

Sophomore Year

First Semester 4 PSYC 3090/3091 Intro. Experimental Psych. 3 Arts and Humanities (Literature) Req. ^{7,16} 4 Natural Science with Lab Requirement ⁸ 3 Social Science Requirement ^{9,16}	Second Semester 4 PSYC 3100/3101 Adv. Experimental Psych. 3 Cross-Cultural Awareness Requirement ^{10,16} 3 Mathematics or Natural Science Requirement ¹¹ 3 Social Science Requirement ^{9,16}
14 Total Hours	3 Elective 16 Total Hours

Junior Year

First Semester	Second Semester
3 Departmental Mathematics or Science	Departmental Mathematics or Science
Requirement ¹²	Requirement ¹²
3 Major Requirement ^{6,16}	4 Major Requirement ^{6,16}
3 Minor Requirement ¹³	3 Minor Requirement ¹³
3 Science and Technology in Society ¹⁴	3 Oral Communication Requirement ¹⁵
3 Elective	3 Elective
15 Total Hours	15 Total Hours

Senior Year

First Semester	Second Semester
1 PSYC 4920 Senior Laboratory in Psychology	3 Major Requirement ^{6,16}
6 Major Requirement ^{6,16}	6 Minor Requirement ¹³
3 Minor Requirement ¹³	6 Elective
5 Elective	
15 Total Hours	15 Total Hours

120 Total Semester Hours

¹PHIL 1020 fulfills the General Education Arts and Humanities (Non Literature) Requirement.

²Select any two BCHM. BIOL, or GEN courses with labs. Extra credit hours will be counted towards the Departmental Mathematics or Science Requirement.

³See General Education Mathematics Requirement. Students need to take one course from the approved list. All students are *required* to take the Clemson Math Placement Test (CMPT).

⁴ENGL 1030 fulfills the General Education English Composition Requirement.

⁵Three credit hours, in addition to the Mathematics General Education Requirement, are required. Select any mathematics course that satisfies the General Education Requirement or any EXST or MTHS course at the 3000-level or higher.

⁶The Bachelor of Science program in Psychology requires PSYC 2010, 2020, 3090, 3100, 4920, and 19 additional credits selected from PSYC 2750 and/or 3000-4000-level psychology courses arranged as follows:

At least six credits from the Biological and Cognitive menu: PSYC 3240, 3330, 4220 At least three credits from each of the following menus:

Applied - PSYC 2750, 3640, 3680¹⁶, 3830, 4350, 4560, 4800, 4880

Foundations of Science - G W 4020, PHIL 3260, 3270, 4250, PSYC 4150

Individuals and Groups – PSYC 3400, 3520¹⁶, 3700

At least one credit from the Laboratory/Research menu - PSYC 3250, 3340, 4230, 4560, 4710, 4900, 4930, 4950, 4970, 4980

At least six credits must be from 4000-level psychology courses, with at least three of those credits from psychology courses numbered between 4000 and 4890.

Students satisfying both the Applied and Laboratory/Research requirements with PSYC 4560 must still satisfy the requirement for 19 additional credits in Psychology.

⁷See General Education Arts and Humanities (Literature) Requirement for a list of acceptable courses.

⁸See General Education Natural Science with Lab Requirement. Students need to take one course from the approved list. BIOL courses meeting this requirement may also be used to satisfy part of the Departmental Life Science Requirement. In this case, students must take an additional four credit hours in the Departmental Math or Science Requirement.

⁹See General Education Social Science Requirement for a list of acceptable courses. Psychology majors may fulfill the General Education Social Science Requirement and departmental requirements by taking PSYC 2010 and two additional non-psychology social science courses (from the same or different fields).

¹⁰See the General Education Cross-Cultural Awareness Requirement (CCA) for a list of acceptable courses. Note that approved CCA courses may, in some cases, double-dip with courses fulfilling other requirements.

¹¹See the General Education Mathematics or Natural Sciences Requirement. Students need to take one course from the approved list.

¹²Five credit hours, in addition to the Mathematics and Natural Science General Education Requirements, are required. Select any mathematics course that satisfies the General Education Requirement, any EXST or MTHS course at the 3000-level or higher, any natural or physical science course on the departmental list of acceptable courses, or any relevant course with the approval of the Psychology Department Chair.

¹³Any minor that has been approved by the University and listed in the *Undergraduate Announcements* is acceptable. No course may satisfy requirements for both the major and the minor. Courses used to fulfill the General Education Requirements, however, may be counted toward the minor. If a minor requires more than the allotted 15 hours, replace elective hours with the minor.

¹⁴See General Education Science & Technology in Society Requirement (STS) for a list of acceptable courses. Note that approved STS courses may, in some cases, double-dip with courses fulfilling other requirements.

¹⁵See General Education Oral Communication Requirement for a list of acceptable courses.

¹⁶Reserving this course, electives, and coursework for some minors (when possible) for a study abroad semester increases study abroad opportunities. Contact the Office of Student Enrichment (374 Sirrine) for further information and assistance with study abroad opportunities.
