The screenshot shows a Blackboard course interface. On the left, a navigation menu is visible under the heading 'Financial Accounting'. The menu items are: Home Page, Information, Content (circled in red), Discussions, Groups, Tools, Help, McGraw-Hill Campus, Tegrity Classes, and McGraw-Hill Campus. The main content area on the right is titled 'McGraw-Hill Higher Education'. Below this, there is a section for 'McGraw-Hill Connect' with a logo and the text: 'McGraw-Hill Connect is a web-based assignment and assessment system'. Below this, there are several links: 'Go to My Connect Section' (with a red arrow icon) which says 'Access the McGraw-Hill Connect section associated with this course. Paired Connect Section: MWF 10 am(6277990)', 'Learn about McGraw-Hill Connect' (with an information icon) which says 'Learn more about McGraw-Hill Connect.', 'McGraw-Hill Connect Library' (with a book icon) which says 'The Connect Instructor Library is your course creation hub. It provides critical resources you'll need to build your course, just how you want to build it.', and 'LearnSmart' (with a lightbulb icon) which says 'LearnSmart is an adaptive learning system designed to help students learn better.'.

Your courses are now paired, but now you have to bring your existing Connect assignments into Blackboard or create a new Connect assignment. In your Blackboard account, select the folder where you would like your Connect assignments to be located.

While you are in your folder, select the “Assessments” button and choose “McGraw-Hill Assignment.”

McGraw-Hill Connect Assignments

Adding a McGraw-Hill Connect Assignment to a Content Area creates a link to McGraw-Hill Connect, where Assignments are stored and edited.
