# **Getting Started**

- 1. Instructors need to download the free turnitin app from the App store: Turnitin for iPad. Go to this web address to access the download: <u>https://itunes.apple.com/us/app/turnitin/id657602524</u>
- 2. Instructors must have a Turnitin instructor user profile associated with a valid institutional Turnitin account. We do have this for all instructors. While being prompted for the username on the app, it is usually their Clemson email address, for example: <a href="mailto:fkenned@clemson.edu">fkenned@clemson.edu</a>, and their Novell password. If you forgot, go to <a href="mailto:turnitin.com">turnitin.com</a>, click Reset Password on the top of the screen.

3. To see a Turnitin assignment in a Blackboard course, instructors need to generate a unique class code. To do so, first log in to <u>bb.clemson.edu</u>, click on the appropriate course.

4. Click Course Tools in the Control Panel.
