SPA Report

Worked with the Elementary Faculty in designing a revised mapping of where the assessments would be pulled in order to support our ACEI/SPA Report. It is now referred to as the Measure of Academic Proficiency and Progress (MAPP) and will be used in order to be in compliance with the EEDA standards that the state NCATE Team will be looking for in 2013.

Successful in showcase content and pedagogy (need the content grade to for Assessment #2)
The Lesson Plan Portfolio required in ED EL 458 is being used to address ACEI standards #8.
Scores are entered in LIVE TEXT to show evidence for meeting standards and supported by an artifacts. Submitted scoring for students majoring in Elementary, Early Childhood, and/or Special Education.
2010-Spring 2013

Reggio Emilia, Italy Collaborative Study Abroad: A Collaborative Cultural Immersion Experience.

The direction of the course was provided by Dr. Stegelin, Professor in the Early Childhood Education Program. Other faculty involved besides myself were Dr. Sara Matthews in Secondary Education in Social Studies, Dr. Meir Muller, and Dr. Amber Fallucca, both from USC. A total of thirty students from Clemson, USC, and College of Charleston were involved and were assigned either a pre-school, elementary, or secondary school in Italy for three weeks.
Summer 2011-

Summer 2012-A total of twenty-seven students from Clemson, USC, and College of Charleston were involved and were assigned either a pre-school, elementary, or secondary school in Italy for three weeks

Facilitator

Served as the Clemson representative on a writing committee for the Zest Quest Program. Worked with other Zest Quest writers across the state to address issues in writing a Health Curriculum to be used across the state of South Carolina.
2006- Spring 2013

2009--Zest Quest curriculum was approved by USDA's FNS as a SNAP-ED approved curriculum.
Zest Quest
Youth Learning Institute of Clemson University

Clemson University Child Care Creative Inquiry Team- Interdisciplinary Team

I am a member for the Clemson University Child Care Creative Inquiry Team. It is now referred to the Interdisciplinary Team. This project explored undertaking the construction and implementation of a new early childhood development center on the university campus for the primary purpose of providing high-quality child care for infants, toddlers, and preschool children of Clemson

University faculty, staff, and other university-related personnel. The proposed Clemson University Child Care Creative Inquiry Team has been requested by Provost Helms and is a follow-up team focused specifically on the curriculum, learning environments, resources, staffing, and actual building specification for this new center. The team direction being provided by Dr. Stegelin, Professor and Program Coordinator of the Early Childhood Education Program, Dr. Correa is Distinguished Professor of Early Childhood and Special Education and brings expertise to this project in the area of children with disabilities, Latino families, and family literacy. Dr. Eckhoff is assistant professor of early childhood education with expertise and experience in the arts, integrated curriculum, and cognitive-based curriculum. I was asked to contribute to the health, physical activity, and safety issues.
2009

Presented a Workshop:

“Health & Nutrition in the childcare Setting – Building Healthy Bodies for Tomorrow’s Living.” Program was offered for Childcare Center Directors in the Clemson area on Childcare Health & Nutrition. South Carolina Child Care Training Program, Clemson University.

Research Interests & Activities

- ❖ Young Women’s Body Image
- ❖ Interdisciplinary collaborations

Creative Inquiry Grant

Exploring Ways for Multiple Disciplines to Study the Influence of Media on Young Women's Body Image and how this message may impact self-image as well as self-esteem. Our group is multidisciplinary involving Karen Kemper (Public Health), Pam Havice (Counselor Education), and myself (Health Education). Our goal in this project is to recognize the challenges of mixed messages in the media to-related problems associated with our youth such as obesity, physical activity, and HIV virus.
