CHANGING WEATHER, WEATHERING CHANGE

As I write this message, Clemson is experiencing another warm, humid summer day. The temperature is high, and the humidity makes it feel even hotter. The university is in session, and classes are in full swing. The campus is bustling with students, faculty, and staff.

In the fall, the weather changes, and the campus transforms into a place of beauty and tranquility. As fall makes its way into Clemson, we look forward in anticipation of the crisp air and colorful leaves. The changing of the seasons brings a sense of renewal and excitement to our community.

This fall, Clemson is offering several events and programs to help you get settled and prepare for the academic year. The Clemson University Employee Assistance Program (EAP) is offering a series of webinars to help employees manage stress, improve communication, and develop leadership skills.

FREE BASIC WILL PREPARATION

Do you have a family emergency? Are you in the market for a new house? Are you concerned about investing your retirement funds? If so, you may need to consider creating a will. A will is a legal document that specifies how you want your assets to be distributed after your death. It can be a complex process, but there are resources available to help you.

The Clemson University Employee Assistance Program (EAP) is offering a series of webinars to help employees manage stress, improve communication, and develop leadership skills.

The program is designed to help individuals address work/life issues so they can live happier, healthier, more balanced lives.

The program is available to employees and their family members. For more information, please visit the EAP website at eap.clemson.edu.
