Scheduling Interviews
Overview

Scheduling interviews through PeopleSoft is an essential step in the Recruit phase of the hiring process. The system’s scheduling function not only ensures timely and efficient communication between job candidates and the search committee members, it also creates an accurate record of the candidate’s recruitment experience with Clemson University.

This document outlines the steps taken by the departmental administrative assistant, the hiring manager or the Human Resources (HR) partner to schedule interviews in PeopleSoft (CUBS) for faculty and staff positions.
Access Interview Schedule

Job interviews are scheduled in the Recruitment section of PeopleSoft. By using PeopleSoft, the scheduler 1) creates an accurate record of the candidate’s recruitment experience and 2) ensures that interview invitations are communicated to and marked on the schedules of both the candidate and the interviewers. **Scheduling interviews in PeopleSoft also triggers automatic notification of the remainder of the applicant pool that they were not selected as a candidate for the position.** Timely notification enhances the experience of everyone involved in the hiring process.

Before interviews can be scheduled in PeopleSoft, the hiring manager should do the following:

- Secure tentative interview dates with selected candidates
- Convey list of candidates chosen for interview and tentative interview dates to the selected scheduler

Once the hiring manager, the departmental administrative assistant or the HR partner has the necessary information, he or she is ready to enter the interview schedules in PeopleSoft.

To access an interview schedule in the Recruitment section of PeopleSoft, follow the steps below:

**Step 1:** Enter your Clemson user ID into PeopleSoft.
**Step 2:** Enter your Clemson password.
**Step 3:** Click Sign In.

Additional Information: You will be directed to the CUBS home page.
Step 4: Select (A) Main Menu, (B) Recruiting then (C) Browse Job Openings.

Step 5: (A) Enter the job opening number in the Search job openings box OR (B) select the Posting Title hyperlink to access the job opening.
Enter Interview Details

The Manage Job Openings page will display. Included on the page are five tabs: Applicants, Applicant Search, Applicant Screening, Activity & Attachments, and Details.

**Step 1:** Select the **Applicants** tab.
**Step 2:** Select the **Interview icon** for the candidate to be interviewed.

---

**Additional Information:** The Interview Schedule page will display; interview details should be entered on this page.
Step 3: Enter the (A) Interview Date, (B) Start Time, (C) End Time, (D) Interview Status, (E) Interview Type, and (F) Applicant Response.
Step 4: Check (A) Notify Applicant and (B) Notify Interview Team. Candidates will be notified via email of each change in status; scheduling interviews will trigger a status change for all applicants.

Additional Information: If entering the schedule after interviews have occurred, do not check either box in Step 4.

Step 5: To add multiple interviewers, (A) select Add Interviewer and (B) enter the interviewer's employee id number.
Step 6: Enter the interview location in the Location box in the Venue Information section. The entered location will populate into an email that notifies the candidate of the interview date, time and place.

Step 7: Select Submit to save the schedule. Notification emails will be sent to the candidate and interview committee.
Edit Schedules

Once the interview schedule is entered into PeopleSoft, the system will automatically notify the candidate and the interview committee via email that an interview has been scheduled. Candidates and interviewers will receive two emails.
The first includes the interview details. The second includes a calendar invitation that, when accepted, will populate most types of email account, including Gmail, Yahoo and Outlook. Interview schedules can to be edited on the Manage Job Openings page by following the steps below:

**Step 1:** Select (A) Main Menu, (B) Recruiting then (C) Browse Job Openings to access the Manage Interview Job Openings page.

**Step 2:** (A) enter the job opening number in the Search Job openings box OR (B) select the Posting Title hyperlink to access the job opening.

**Step 3:** Click the Interview icon for the desired candidate.
Scheduling Interviews: Revised 12/01/2015

Additional Information: You will be directed to the Manage Interviews page where you can select Edit Interview Schedule.

Submitting an Interview Evaluation
Overview

Clemson’s hiring process requires that an interview evaluation be submitted via PeopleSoft for every candidate interviewed for a job opening. It is the responsibility of the hiring manager to write the evaluation, which should contain input from all members of the interview committee. The evaluation can be entered into PeopleSoft (CUBS) by either the hiring manager or the Human Resources (HR) partner. This document outlines the steps involved in entering an interview evaluation into PeopleSoft (CUBS) for faculty and staff positions.

Summarize Interview Evaluation Forms

Using the Interview Evaluation form, each member of the interview team gives the hiring manager a complete interview evaluation for each candidate. The hiring manager summarizes the interview evaluations into a single evaluation and either enters the information into PeopleSoft or submits it to the HR partner for entry. The summarized interview evaluation should match the evaluation format available in PeopleSoft.

Enter an Interview Evaluation

**Step 1:** Log into PeopleSoft: (A) enter your Clemson user ID, (B) enter your Clemson password and (C) click Sign In.
Step 2: Select (A) Main Menu, (B) Recruiting and then (C) Browse Job Openings.

Step 4: Under the Applicants tab, (A) click Other Actions, (B) then choose “Recruiting Actions” and (C) “Create Interview Evaluation.”

Note: Once on the interview evaluation page, verify the Name, Applicant ID, Job Posting Title and Job Opening ID.

Step 5: Enter (A) the interview date and (B) the interview type.

Step 6: Provide a recommendation by selecting (A) an overall interview rating and (B) a recommendation from the provided options: Make Offer or Not Chosen.

Step 7: Enter an interview rating for each of the following categories: Technical Skills, Education/Training, Work Experience, Organizational Skills, Training, and Communication Skills.

Additional Information: For each category, the applicant is rated by selecting one of the following options: Not Applicable, Unsatisfactory, Marginal, Superior or Satisfactory. Each rating has an accompanying score, ranging from zero to three, that automatically populates in the “Score” field next to the corresponding comment box.
Step 8: Select Submit to save the interview evaluation.

PeopleSoft:
Hire Transactions
Overview

The process by which a hire is entered into PeopleSoft is dependent on 1) the type of position, 2) whether a job opening was created for the position and 3) the individual’s employment history with Clemson University. This document outlines the steps Human Resources (HR) partners perform to enter various types of hire transactions in PeopleSoft.

Determine the Type of Hire

When a new, existing, or returning faculty or staff member accepts a new position at Clemson University, the HR partner must determine what type of hire entry is appropriate for the individual.

Additional Information: The types of hire entries include:
- Manage Hires
- Add a Person
- Rehires
- Add Employment Instance

Please note: Guidance for processing non-paid workers and promotions/demotions and transfers is available in separate documents. For non-paid workers (contingent workers or persons of interest) see the Processing a Non-Paid Worker user guide. For promotions/demotions and transfers is the Promotions/Demotions and Transfers quick reference.

Manage Hire is the hire type used when a job opening has been created for the position. See the Manage Hires section (page 3) for more information.

- Job openings are generally created for the following position types when the position will be posted and recruited for: faculty or staff full-time equivalent (FTE), time-limited (TLP), temporary-grant (TGP), temporary or intermittent.

Add a Person is the hire type used when a position is not posted and a job opening has not been created. See the Add a Person section (page 16) for more information.

- Add a Person is generally used for a student hire or an employee who is being waived into a position. Add a Person can be used to complete a hire entry for the following types of position when the position was not...
posted or recruited for: faculty or staff full-time equivalent (FTE), time-limited (TLP), temporary-grant (TGP), temporary or intermittent.

**Rehire** is the hire type used when the individual being hired into the position has previously worked for Clemson University and a job opening has not been created for the position. See the Rehire section (page 28) for more information. Note: If a job opening has been created, please use Manage Hires to process this hire transaction.

**Add Employment Instance** is the hire type used to add an additional job for an employee who is already employed by Clemson University. See the Add Employee Instance section (page 37) for more information.

- Add Employment Instance is generally used for student employees who are working multiple part-time jobs across several departments.

Frequently Asked Questions (FAQs) for Budget Officers

General Question

**Why is the University upgrading to PeopleSoft 9.2 and adopting a new hiring system called Tiger Talent?**

The University is upgrading both its hiring process and CUBS-HR to better align with the University’s strategic 2020 goals.

**CUBS-HR** is being upgraded to the most current version of PeopleSoft so the University will be able to provide the following:

- Advanced information security
- Additional functionality, including paycheck modeling, employee profiles and a user-friendly experience for applicants
- Advanced support for continuous improvement efforts, including system updates to critical areas such as payroll taxes
- A reduction of downtime for servicing the system

**Hiring process** changes were in response to the needs of hiring managers and OHR liaisons. Prior to the upgrade, the hiring process was not well-defined, lacked visibility and was overly drawn out. Tiger Talent addresses these concerns. During the pilot phase of Tiger Talent, pilot groups realized a 75.5 percent reduction in lead times for requests to hire and a 71.4 percent increase in requests to hire processed without any interruptions in the process.

**Will I be able to view my position description in PeopleSoft?**

Please see your HR partner for a copy of the position description. PeopleSoft does not provide for viewing position descriptions.

**What does ACA stand for?**

ACA stands for the Affordable Care Act.

**Will my queries be available in the new PeopleSoft system?**

If you ran a PeopleSoft query in the past 12 months, that query will be moved to your upgraded version of PeopleSoft.

**Tiger Talent Questions**

**How will I know the status of the transaction in Tiger Talent?**

You will be able to see all transactions for your area in Tiger Talent. Log in to Tiger Talent and click **View Summary**.

**Is a compensation market analysis done for every position that is recruited?**

Yes. A market analysis is required for all positions requested via Tiger Talent.

**Can I enter the maximum budgeted amount instead of the top of the state pay band when I create a new hire request?**
Yes. You can enter the maximum budgeted amount.

**Hiring Questions**

**Will the process for tracking ACA override types change?**
Yes. HR partners will now enter override types directly into the ACA field in CUBS. Consequently, the process of creating spreadsheets and delivering them to others in OHR will be discontinued.

**Will monthly spreadsheets still be sent for ACA types?**
No. The last spreadsheet for ACA types will be sent to the Benefits team by January 5, 2016.
