# Request for Approval of Courses to be Taken Abroad

## General Information
- This form, *Request for Approval of Courses to be Taken Abroad*, is intended to help the advisor and student plan and make appropriate study abroad course choices.
- The form provides an agreed upon course plan but is not an absolute commitment by the student to take specific courses.
- Students and advisors should be aware that circumstances and course offerings through a study abroad program may change, and students may need to reconsider their initial selections, even after departure. Students should continue to consult with their advisors while abroad. The form is not an absolute guarantee by the faculty advisor that the student will receive a particular number of credit hours. Clemson University reserves the right to refuse or reduce credit if the credit load taken by the student is excessive for the period attended or if the advisor has inadvertently listed an inaccurate or inappropriate number of transfer hours.

## Grades
- You must earn a grade of “C” or higher for credit to transfer. NOTE: coursework completed at other institutions does not affect your Clemson GPR. If you are an undergraduate within 43 credit hours of graduation, you will need to complete the 37/43 residency policy waiver.

## Transcripts
- An official transcript should be mailed to the:

- **Note:** Until the transcript reaches Clemson University, you should be prepared to supply documentation that you satisfactorily completed your overseas courses. If an overseas course is a prerequisite for one you are planning to take at Clemson, an advisor may request a grade report. Sometimes there are significant delays in the receipt of overseas transcripts. If you have questions about graduation, you can visit an Academic Records Counselor in 104 Sikes Hall.
