**HOCHSCHULE ESSLINGEN:**
University of Applied Sciences
Esslingen, Germany

**About:**
Engineering, economics, management, social sciences and nursing make up the pillars of teaching at Esslingen University of Applied Sciences. Around 5,600 students are enrolled in 11 faculties, offering a total of 25 bachelor’s and 11 master’s degree programs. The university has close connections with industrial and commercial organizations, ensuring a high degree of practical orientation within a distinct curriculum. Students have access to over 50 highly modern laboratories on three campuses carrying out development projects commissioned by industry - interdisciplinary research on topics in engineering, sciences and health is conducted with an extensive institutional network. The university consistently achieves top marks in university rankings.

For more information about the university, visit [http://www.hs-esslingen.de/en/the-university/profile.html](http://www.hs-esslingen.de/en/the-university/profile.html)

Accommodation

Students studying at Hochschule Esslingen University of Applied Sciences have several options for accommodations while abroad:

- Students may apply to live in individual students’ homes. Applications for and information on these homes can be found on the university’s accommodation website http://www.hs-esslingen.de/en/prospective-students/leisure-time-and-accommodation/accommodation.html
- Apartments: Current apartment offers for Esslingen University students can be obtained at the AStA office (City campus, between buildings 7 and 5). You can get a current list of available apartments by emailing asta@hs-esslingen.de
- EcoInn Hotel: The EcoInn Hotel in Esslingen is a combination between a hotel and a youth hostel. It is especially designed for young people without a lot to spend. Situated directly opposite Esslingen University, it is an ideal place for visitors to the university to stay. Further information on the EcoInn hotel can be found at http://www.ecoinn.de
- Boarding House “LodgeES”: Since mid-October 2009, the Esslingen boarding house “LodgeES” has been offering various apartments on a short-term rental basis (from one night to several months). The house is located directly on the City campus in Esslingen and offers students, staff and visitors a place to stay. The apartments are fully furnished with a comfortable living area, separate kitchen and bathroom, and modern fittings. Further information can be found at: http://www.lodges-esslingen.de
- Student home in Esslingen-Zollberg: The Friends of the University Association, "Studentenwohnheim Esslingen-Zollberg e.V." has run a student’s home with 8 rooms for 20 years. For further information, visit: http://www.studentenwohnheim-esslingen.de

Further accommodation

If no suitable long-term accommodation has been found, the student hotel in Waldheim am Jaegerhaus, offers a temporary solution: http://www.studenthotel-campus.de

Further accommodation can be found in the free national flat-search market. Offers for Esslingen and Goeppingen can be found under:

Fun Facts about Esslingen

- The city of Esslingen lies only 20 km from Stuttgart, the capital city of Baden-Wuerttemberg. Since industrialization, Esslingen has been an attractive center for industry and the economy. Many international companies such as Daimler, Eberspacher and Festo are located here.

- A special highlight of Esslingen is the medieval Christmas market which takes place during the four weeks before Christmas in the old city of Esslingen.
