## Teeing off for the Libraries

The Clemson University Police Department hosts an annual Golf Tournament and this year they donated the proceeds, \$1000, to the Libraries. The Libraries were represented by the awesome foursome of Rosie Maw, Marian Withington, Richard Kyle and Joe Boykin. We did NOT come in last! Our team's door prize was four IPTAY hats, and a case (12 bottles) of cleaning stuff. If I remember correctly our score was 74. In the tournament we played with a second foursome, well in this case a three-some, of Neil Cameron (Vice President for Advancement), Mendal Bouknight (Senior Director of Development) and Don Rice (Director of the Brooks Institute of Sports Science). *—Joe Boykin*

# *They came back to Clemson... and brought their books*

Well, the alumni did. And they brought around 700 books with them for the Libraries' Homecoming Book Drive. Library employees volunteered to ride around in decorated golf carts picking up donations from various tailgating sites on Saturday before the homecoming game. They attracted a lot of attention and in addition to the books, received \$70 in donations for the Libraries.

Thanks to all volunteers who helped with this project: Teri Alexander, Joe Boykin, Alan Burns, Chris Colthorpe, Betty Cook, Pam Draper, Melissa Finley, Andrea Grimes, Ralph Hayes, Steve Johnson, Mike Kohl, Sarah McCleskey, Priscilla Munson, Micki Reid, Peg Tyler, Ron Williford.

## Employee Training and Development Group

### Is your **self-esteem** bad?

Do you not feel good about your life in general? Most people don't understand what self-esteem really is. It is about celebration, recognition of one's strengths, and wearing them proudly. This presentation is designed to help people get in touch with who they are and what is lovable about them. Finally, it is about understanding that we are human beings, not human doings.

The self-esteem and peak performance seminar will be taught by Larry Abernathy, who was raised in North Augusta, SC and has lived in Clemson since 1965. He holds an undergraduate and two graduate degrees from Clemson. He is a Licensed Professional Counselor and a faculty member in the Community Agency Counseling program. He is married to his high school sweetheart, Jo, and they have two grown children. He is a lover of music, motorcycling, athletics, and anything orange. He is also the mayor of Clemson. He is a Clemson University Centennial Scholar, an Alumni Fellow, and he once "dotted the i." His presentations are usually fun. If this one isn't, he is just having a bad day.

This class will be on October 25th from 1-2pm in the level 3 classroom. If you would like to attend, then please contact Rhonda Roper at rroper@clemson.edu. And, as always, if I can answer any questions, then please feel free to contact me.—*Diana Bourgeois*
