

[099] Series 112

[110] Clemson University. Department of Agricultural Engineering

[245] Department of Agricultural Engineering Records **Inclusive dates:** 1925-1993

[300] **Size:** 46.5 cubic feet

[351] The series is arranged by accession number.

[500] General note

Title	Years	Accession	Cubic feet
1. Papers and publications	1975-1985	89-54	1
2. Files, Research Studies, Water Resources	1980-1983	89-186	8
3. Thomas Garner files	1962-1982	92-62	4
4. Correspondence	1970s-1980s	93-37	2
5. Files and waterfall data	1957-1983	94-20	3
6. Richard White files	1982-1988	94-28	.5
7. J. T. Ligon files	1964-1993	95-01	3
8. Equipment information files	1925-1958	95-35	4
9. Bunn files, Twelve Mile Creek watershed project, film	1950s-1960s	95-142	4
10. Departmental files	1940s-1980s	02-129	12
11. Hayes, Ligon, Hood files	1960s-1980s	03-136	5
12. Southern Cultivator (1 issue)		06-99	1 item
13. Architectural drawing of McAdams Hall (color)	undated	13-204	1 item

[506] Restrictions on access

There are no restrictions on access.

[520] Scope

This series contains records of the Department of Agricultural Engineering. The records consist of correspondence files, data and reports from research projects, files on farm equipment and machinery, film and audio recordings, publications and records of the agricultural engineering fraternity Gamma Sigma Delta. Research was conducted by professors Clyde Barth, Joe Bunn, Thomas Garner, Barbara Griffin, John Hayes, Frank Hedden, Clarence Hood, Jim Ligon, Charles Privette, Darrell Roberts, Absalom Snell, Richard White, Lyle Wilcox and T. V. Wilson. Findings of research related to rainfall runoff, watersheds, and irrigation were presented at meetings of the American Society of Agricultural Engineers.

[524] Preferred citation

Description and date of item, Department of Agricultural Engineering Records, 1925-1993, Series 112, Special Collections, Clemson University Libraries, Clemson, SC.

[545] Historical note

The Department of Agricultural Engineering was changed to the Department of Agricultural and Biological Engineering July 1990. (Minutes of the Board of Trustees, July 21, 1990)

[555] Cumulative index/finding aids note

There is no finding aid.

[561] Provenance

The files originated in the Department of Agricultural Engineering.

[610] Subject added entry—corporate name

Clemson University. Department of Agricultural Engineering
Gamma Sigma Delta

[650] Subjects

Agricultural engineering—Research
Agricultural engineering—Study and teaching
Agricultural machinery
Agricultural research
Farm equipment catalogs
Runoff research—South Carolina
Watersheds—Research—South Carolina

[700] Added entries

Barth, Clyde Lewis b. 7/31/1932
Bunn, Joe Millard b. 1/20/1932
Garner, Thomas Harold b. 7/4/1930
Griffin, Barbara Jean b. 12/24/1932
Hayes, John Charles b. 8/21/1952
Hedden, Frank H.
Hood, Clarence E., Jr. b. 10/20/1936
Ligon, James T. b. 2/20/1936
Privette, Charles V., Jr. b. 10/21/1941
Roberts, Darrell Lynn b. 10/8/1939
Snell, Absalom West
White, Richard K.
Wilcox, Lyle C.
Wilson, Thomas Virgil

[710] Added entry—corporate name

American Society of Agricultural Engineers (ASAE)
