

Extent: 19 cubic feet; 25 photographs; 10 oversize items

Inclusive dates: 1931-1985 **Bulk dates:** 1960-1970

Provenance: The records were produced by the Department of Forestry. This series incorporates accessions 87-110, 89-140, and 92-30.

Restrictions: There are no restrictions on access.

Processing: Dennis Taylor, University Archivist; Adraine Jackson, LTA; student assistants Stanley Banks, Garrett Crosby, Steven Demery, Mathew Demetriades, and Jamie Minick. Processing 1993-1998. The finding aid was completed in April 1999.

Administrative history:

- 1903 Course “Elements of Forestry” offered by Botany Department
- 1904-1918 Course in forestry with laboratory offered by various departments
- 1918-1936 Course in forestry offered by Botany and Bacteriology department
- 1936-1946 Forestry course discontinued
- 1947-1956 Two-year, Pre-forestry curriculum with transferable credits to a an accredited program
- 1956 Board of Trustees authorizes the creation of Department of Forestry with forest management as the curriculum
- 1962 Department accredited by the Society of American Foresters
- 1965 Graduate study begins (Master of Science degree)
- 1970 (May) Master of Forestry degree approved
- 1970 (July) Department moved from College of Agricultural and Biological Sciences to College of Forest and Recreation Resources

Scope and content:

This series contains the records produced by the Department of Forestry of Clemson University. The series contains correspondence (both general and subject), memoranda, contracts, photographs, maps, and publications. The files are arranged alphabetically by topic.

The bulk of files represent the correspondence of the department heads Koloman Lehotsky (1956-1969), Davis McGregor (1969-1970), Robert Allen (1970-1982), and

Michael Taras (1982-1991). The subjects concern general issues in land management, acquisition of forestlands, forest and wildlife conservation, and agriculture in South Carolina. Documented specifically are projects in Aiken, Anderson, and Pickens counties, the Santee Cooper basin study, pulpwood and timber sales, and the relationship of Clemson University with the Belle W. Baruch Foundation which resulted in the creation of the Belle W. Baruch Forest Science Institute in 1972. Some files relate to administrative matters such as the recruitment of students and faculty and job opportunities in the field.

The series contains publications that consist of brochures, conference proceedings, newsletters, reports, and research monographs. For additional information on these publications, please see the "Folder Inventory."

Subject headings:

- Belle W. Baruch Forest Science Institute
- Clemson Experimental Forest--History
- Clemson University--Forestry Department
- Energy--South Carolina
- Forest schools and education--South Carolina
- Forests and forestry--South Carolina
- Hartwell lake
- Hobcaw Barony
- South Carolina--Clemson Experimental Forest--History

Added entries:

- Atomic Energy Commission
- Cooperative State Research Service
- Forest Farmers Association
- Forest Service
- Foresters Council of South Carolina
- Forestry Extension Service
- Society of American Foresters
- Thrift Brothers Lumber Company
- Anderson, Luther

Allen, Robert M.
Barnette, Melvin
Box, Benton H.
Edwards, Robert C.
Farrar, M. D.
Garrison, O. B.
Hurst, Victor
Jones, Jess Willard
Lehotsky, Koloman
McGregor, William H. Davis
Taras, Michael

Separation list

To ensure their preservation, the following items have been separated from the collection:

A. Photographs

Subjects

4-H one acre thinning study, 1949-1950
C. C. Hiott tract of Timber, Colleton county, 1951
Cork oak planting, 1954 (4)
Pulpwood thinning contest, n.d. [1950s] (4)
Christmas tree fertilization study, Sandhills Experiment Station, 1957
Arbor Day, Clemson, [1957]
First graduating class, Forestry Department, 1959
R-SE Personnel training group, [1950s], Davis McGregor in group
AAA soil bank program, undated (7)
Christmas tree fertilization study, Sandhills Experiment Station, 1961
South Carolina State Forestry Commission, 50th Anniversary, 1977 (7)

II. Individuals

Sarah Calhoun with tree seedling, 1959
Kolomon Lehotsky with students, n.d.

B. Publications

See Boxes 53, 54, 55, and 56 for a listing of contents.

C. Oversize

1. [Baruch Foundation Lands], n.d.
2. Ecotour of South Carolina Interstate 26, n.d.
3. "Issaqueena Division", n.d.
4. "Liberty Division", n.d.
5. [Renovation of bathhouse for lodging for students located on Lake Issaqueena], n.d.
6. "Request for Wildlife Areas", Clemson Wildlife Management Area, April, 1957
7. "Todd's Creek Div.", n.d.

Photographs

To ensure their preservation, the photographs have been separated from the collection.

53	1	I. Subjects
		<u>1950s</u>
		4-H one acre thinning study, 1949-1950

C. C. Hiott tract of Timber, Colleton county, 1951
 Cork oak planting, 1954 (4)
 Pulpwood thinning contest, n.d. [1950s] (4)
 Christmas tree fertilization study, Sandhills Experiment Station, 1957
 Arbor Day, Clemson, [1957]
 First graduating class, Forestry Department, 1959
 R-SE Personnel training group, [1950s], Davis McGregor in group
 AAA soil bank program, undated (7)

1960s

Christmas tree fertilization study, Sandhills Experiment Station, 1961

1970s

South Carolina State Forestry Commission, 50th Anniversary, 1977 (7)

II. Individuals

Sarah Calhoun with tree seedling, 1959
 Kolomon Lehotsky with students, n.d.
