

University Relations

Records, 1954-1996

Overview

Repository:	Clemson University Libraries Special Collections, Clemson, South Carolina
Collection #:	Series 78
Title:	Clemson University. University Relations. Records.
Abstract:	This series contains the documents and recordings produced by University Relations. The recordings are divided into two categories: sound and video. The recordings consist of interviews with administrators, professors, students, Clemson citizens, Clemson Alumni Class of 1943; public service announcements, awards presentations, Strom Thurmond Institute
Dates:	1965-1996 [inclusive]
Quantity:	22 cubic feet consisting mainly of folders, 41 photographs, 202 slides, 65 audio recordings, 138 video recordings

Scope and Content Note

The majority of the collection consists of documents, audio and video recordings, but also includes photographs, and slides.

The bulk of the correspondence is that of William Harry Durham, Associate Vice President for University Relations 1984 - 1993. Prior to that time Durham served as Executive Director for University Relations from 1980 to 1984; Director, University Communications Center, 1968-1980; Head, University Television Center, 1966-1968.

The bulk of material in the collection covers the period 1965-1996, with most of the collection dating from 1980-1992. In 2012 several folders of material from the files of the Director of Visitor Programs, John Allen, were acquired; of these folders, one predates 1965.

The documents are arranged alphabetically by subject. The audio and video recordings are arranged in two categories. In each category the recordings are arranged by format and then in chronological order.

The documents in this series consist of correspondence, media information, memoranda, minutes, public service announcements, radio promotions, and scripts.

Primary subjects include Board of Visitors, the University's Centennial celebration 1988-1989; the Communications Center, Cooperative Extension Service, Institutional

Advancement, Employee and Student Orientation, Public relations, and the Strom Thurmond Institute of Government and Public Affairs.

The recordings consist primarily of interviews with the Clemson Alumni Class of 1943, administrators, professors, students, Clemson citizens; public service announcements, awards presentations, and events of the Strom Thurmond Institute. Harry Durham conducted most of the interviews.

IV. Video Recordings

The video in this collection are in three formats: ¾ tape, Betacam, and VHS. As a preservation measure, all tapes were played and not rewound. Researchers must rewind the tapes before viewing and should not rewind. For tapes that have multiple copies on different formats, Betacam had the best quality followed by VHS and then ¾ tapes.

The videos include news reports, oral interviews with Clemson alumni and staff, inaugurations, public service announcements, Centennial activities, and departmental films. Harry Durham is often the narrator and appears in several of the videos.
