Many of these publications relate to agriculture, homemaking, gardening, marketing, and other subject areas. They are distributed mainly by local county Extension agents, and are also available from the Clemson University Bulletin Room in Poole Agricultural Center. Authors of these publications are faculty members of the College of Agriculture, Forestry, and Life Sciences.

It includes the former Series 45 News Releases, entitled *CU News*, from the Department of Agricultural Communications, 1943-1994, and from the Department of Information, Computer and Program Resources, 1994-1995. The releases, intended for use by newspapers, radio, and television, concern South Carolina agriculture, market outlooks, gardening, and consumer affairs.
