

Extent: 10 cubic feet

Inclusive dates: 1910-2009

Provenance: The information originated in various newspapers, magazines, and publications. These files were formerly part of the South Carolina files.

Access: There are no restrictions on access.

Scope and content:

This series contains biographical information on individuals of note at Clemson University and in the state of South Carolina. The information consists of newspaper clippings, news releases, articles from periodical publications, and other ephemeral material on approximately 400 individuals. These include statesmen, politicians, trustees, professors and administrators.

Please see the inventory that follows this description for a complete listing of folders.
