Press Assistant (1955 - 1984)

16.5 cu. ft.

The Press Assistant section of Thurmond's staff was responsible for media relations. It handled matters that ranged from routine constituent requests to probing policy questions. Other duties included producing newsletters, supervising interns, publicity, various writing projects, congratulatory mail, public relations activities such as group tours, photographs, etc., and assorted special projects assigned by the Senator.

The following individuals were press assistants for Senator Thurmond:

Ed Kinney	1965 – 1966	Phyllis Gault	1980
Harriet Holland	1967 - 1969	Phil Kent	February, 1981
Sallie Binniker	1969	Michael Schick	1981 – 1983
John Carbaugh	June 5 - Sept.15, 1970	Mark Goodin	1983 – 1987
Edward D. Harrill	April 1, 1971 - 1977	Chris Simpson	1988 -

Staff members whose names appear frequently in the series:

Susan Guy	1976 - 1977	Debbie Grant	1979
Nancy Medford	1977	Vicki Sinnett	1980
David Elaim	1978	Pete Knight	1982
Minni Juliam	1978	Terry Hill	1986

During the period of 1955 - 1964, there was no staff member designated as press assistant. The title of the position has recently been changed to that of press secretary.

This series contains material primarily for the period 1964 - 1984, and reflects the primary functions of the press assistant. It includes correspondence, speeches, photographs, campaign literature, political cartoons, newspaper clippings and other miscellaneous files, arranged chronologically, then alphabetically by folder title within each year. The correspondence covers a wide range of topics including the Salt II Treaty, the Watergate controversy, and textile imports. For example, one letter addressed to White House Chief of Staff James A. Baker, dated August 26, 1982, expresses Thurmond's concern over the effect that negotiations with the People's Republic of China would have on American textile jobs.

Present in this series are information files on liberal interest groups and information about the commissioning ceremonies of the sub-marine USS Mendel L. Rivers and the frigate USS South Carolina (the second ship to be named under new policy using state names for major surface combatant nuclear propelled ships). A small group of newspaper clippings detail the account of the Thurmond bribery allegations raised by columnist Jack Anderson; federal investigators cleared Thurmond of these allegations. This series contains a list of casualties incurred by United States military personnel from South Carolina in connection with the Vietnam conflict for the period of 1961 - 1971.

Notable correspondents include Howard H. Baker, James F. Buckley, Harry F. Byrd, Jimmy Carter, Jesse Helms, Edward M. Kennedy, and Edwin Meese III.
