Rise to the challenge

Getting a great education is only the beginning at Clemson University. This top-ranked public university (*U.S. News & World Report*, 2021) is committed to taking your talents and interests to heart as you grow into your dream job, postgraduate education or starting your own business.

From the foothills of the Blue Ridge Mountains and the shores of Lake Hartwell, you will forge your own path with hands-on learning experiences, interactive classes and flexible majors that encourage you to choose what's best for you.

And if you're not sure what you want to study, we can help. Clemson's Center for Career and Professional Development is built to match your growing skills with internships, real-world experiences and networking opportunities specific to your interests.

For sophomore Piper Starnes, Clemson has encouraged her to grow academically and socially. From her passion for performance on the piano to learning a new skill like Japanese script, Piper is experiencing something new on and off campus.

“More than anything, Clemson has helped me uncover skills I never knew I had and shown me new things I can accomplish. I’m identifying my goals and my purpose thanks to so many different people.”

— Piper Starnes, sophomore performing arts major

Clemson's 80+ majors are sure to have what you are looking for to grow in your career and in life. Whether you want to double major, major-minor, find an ideal concentration or need professional certifications, we offer small class sizes within a rigorous curriculum to explore a future that fits you.

College of Agriculture, Forestry and Life Sciences

- Agribusiness
- Agricultural Education
- Agricultural Mechanization and Business
- Animal and Veterinary Sciences

- Special Education

College of Science

- Biochemistry
- Biological Sciences
- Chemistry
- Genetics
- Mathematical Sciences
- Microbiology
- Physics
- Prepharmacy*
- Pre-professional Health Studies*

*University pre-professional programs

BACHELOR'S TO GRADUATE – A FASTER WAY TO EARN YOUR GRADUATE DEGREE

Enterprising students might want to fast track their master's degree from the start. Clemson offers a combined bachelor's and master's degree plan allowing you to reduce the time typically needed to earn both degrees. There are more than 30 eligible tracks.

Find your niche

Clemson majors offer flexibility no matter your interests. There is no set path you have to take, and our faculty, staff, alumni and student mentor network will work with you and make sense of your academic pursuits. Find your path at clemson.edu/degrees.

Leading the way

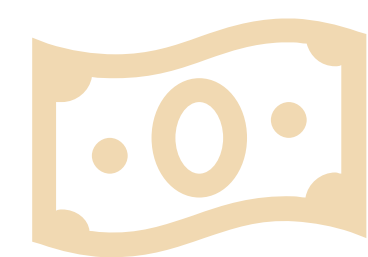

Making a difference starts by doing what you love. A great way to figure that out is engaging with professors and professionals. Clemson University partners with businesses around the world for a variety of internships and co-ops including opportunities at General Electric, Bosch, Vanguard, PepsiCo, Michelin, BMW and many, many more.

Our **No. 2-ranked Career Services** and **No. 9 Best Schools for Internships** designations from **The Princeton Review** highlight a commitment to the future and growing a network of Tigers anywhere you might go.

Academic Success Center

The heart of campus includes the Cooper Library, Watt Family Innovation Center and our renowned Academic Success Center (ASC). Students who take advantage of these services improve their grades, maintain their scholarships and work one-on-one with mentors to understand difficult class material. From Peer-Assisted Learning (PAL) to academic coaching and tutoring, the success you build at the ASC will make you more appealing to employers and graduate schools down the road.

Within an average of six months after graduation, 90 percent of graduates are employed, continuing or planning to continue their education or are not currently seeking employment.

YOU PICK WITH UPIC

Clemson provides real-world experience right on campus with our expansive UPIC program. We offer hundreds of on-campus internships in every field while earning course credit. And, of course, you get paid while doing it.

Juliana-Marie Troyan participated in multiple internships while at Clemson, including a coveted internship with Walt Disney World. She credits Clemson with getting her motivated to seek out those opportunities.

“There are so many different ways you can show your passion at Clemson. The ability to do projects and build machines rather than just doing calculations all day really grows your interests.”

— Juliana-Marie Troyan, senior mechanical engineering major

Work smarter

Check out the 2019 first-year honors class:

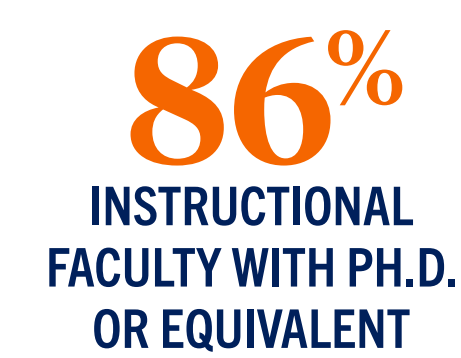

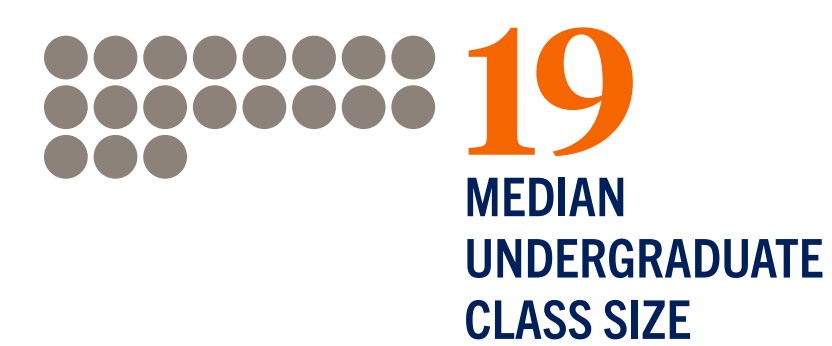

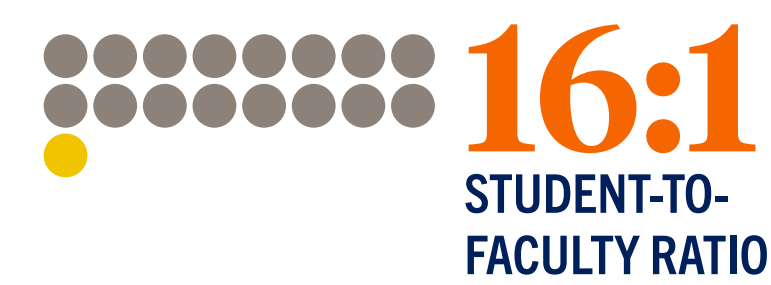

- 338 students
- 1483 average SAT
- 33 average ACT
- Top 5% average high school class rank

The sheer tenacity of spirit and pride in what we do puts Clemson University in a class of its own. We are designated an **R1 Research Institution**, the highest rank bestowed by Carnegie Classification of Institutions of Higher Learning.

Our **Clemson University Honors College** brings specialized courses in smaller classes taught by top faculty. Students are encouraged to participate in global engagement opportunities and pursue innovative research.

We offer a robust **Creative Inquiry** undergraduate research program featuring more than 500 projects across every field available at Clemson. Since 2005, the program has engaged more than 34,000 students in 1,000+ projects ranging from drought-resistant crops and infrastructure development to rocket propulsion and food waste recovery.

ACADEMICS REPORT

GRADUATION RATE

BRANCH OUT
Clemson offers more than on-campus opportunities. You can experience what it's like to live, work and study all over the globe through faculty-led, third-party or exchange programs and Clemson's own Study Abroad program.

→ You are here

College is meant to be a new exploration of life, independence and self-discovery. To do that, you will want to push yourself away from the known and into the unknown. When graduating seniors are asked what they would tell their first-year student selves, without hesitation, they say some form of “get outside your comfort zone and get involved.”

Clemson makes that easy with **500+ clubs and organizations** highlighting cultural diversity, sports, sustainability efforts, religion, dance, technology and so much more. And if you don't find the club you want, you can start one.

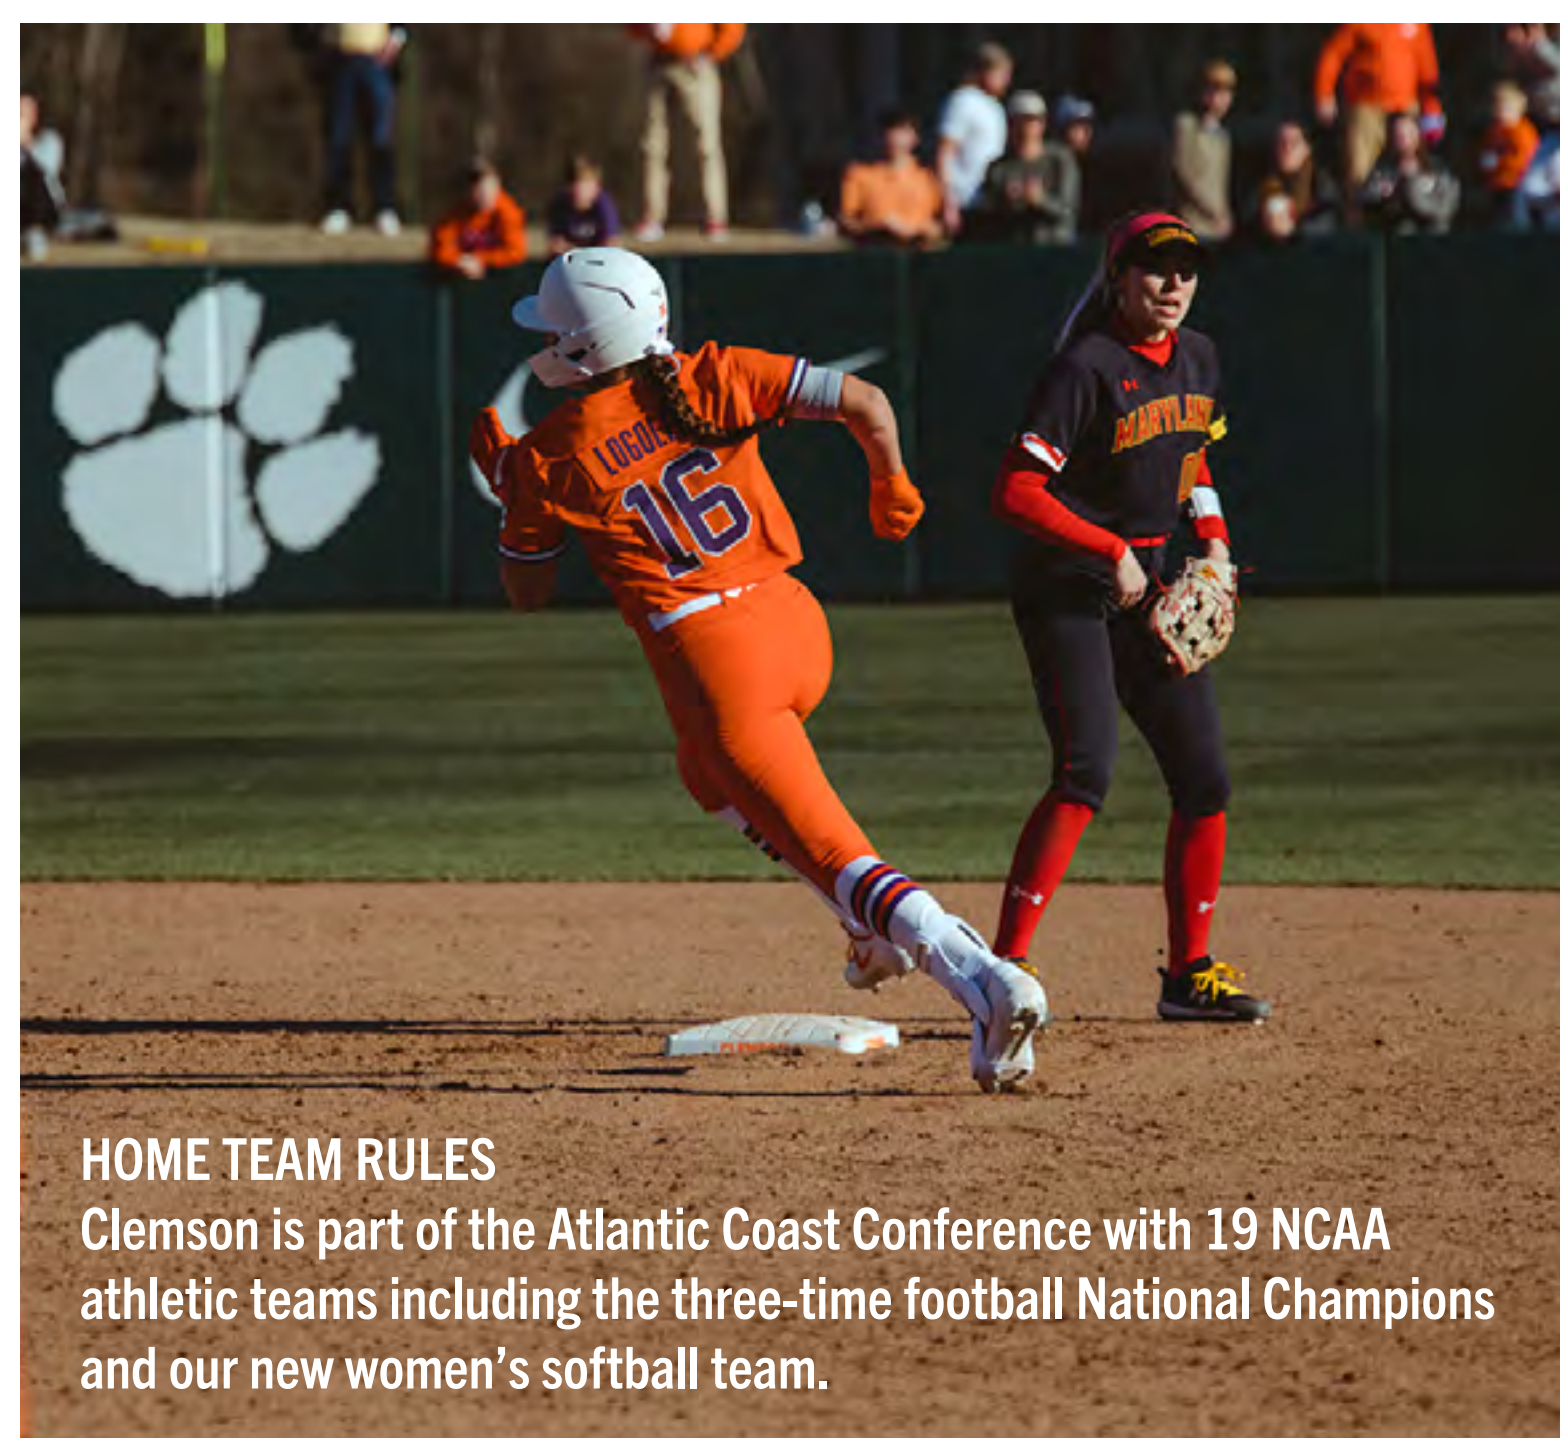

Clemson's campus is great, but you might not realize that it includes 17,500 acres of Experimental Forest for hiking and biking. It sits along the Lake Hartwell shoreline, making it ideal for kayaking, canoeing or taking a dip at the Snow Outdoor Fitness and Wellness Complex.

89%

STUDENTS WOULD STILL CHOOSE CLEMSON IF THEY COULD DO COLLEGE ALL OVER AGAIN

HOME TEAM RULES

Clemson is part of the Atlantic Coast Conference with 19 NCAA athletic teams including the three-time football National Champions and our new women's softball team.

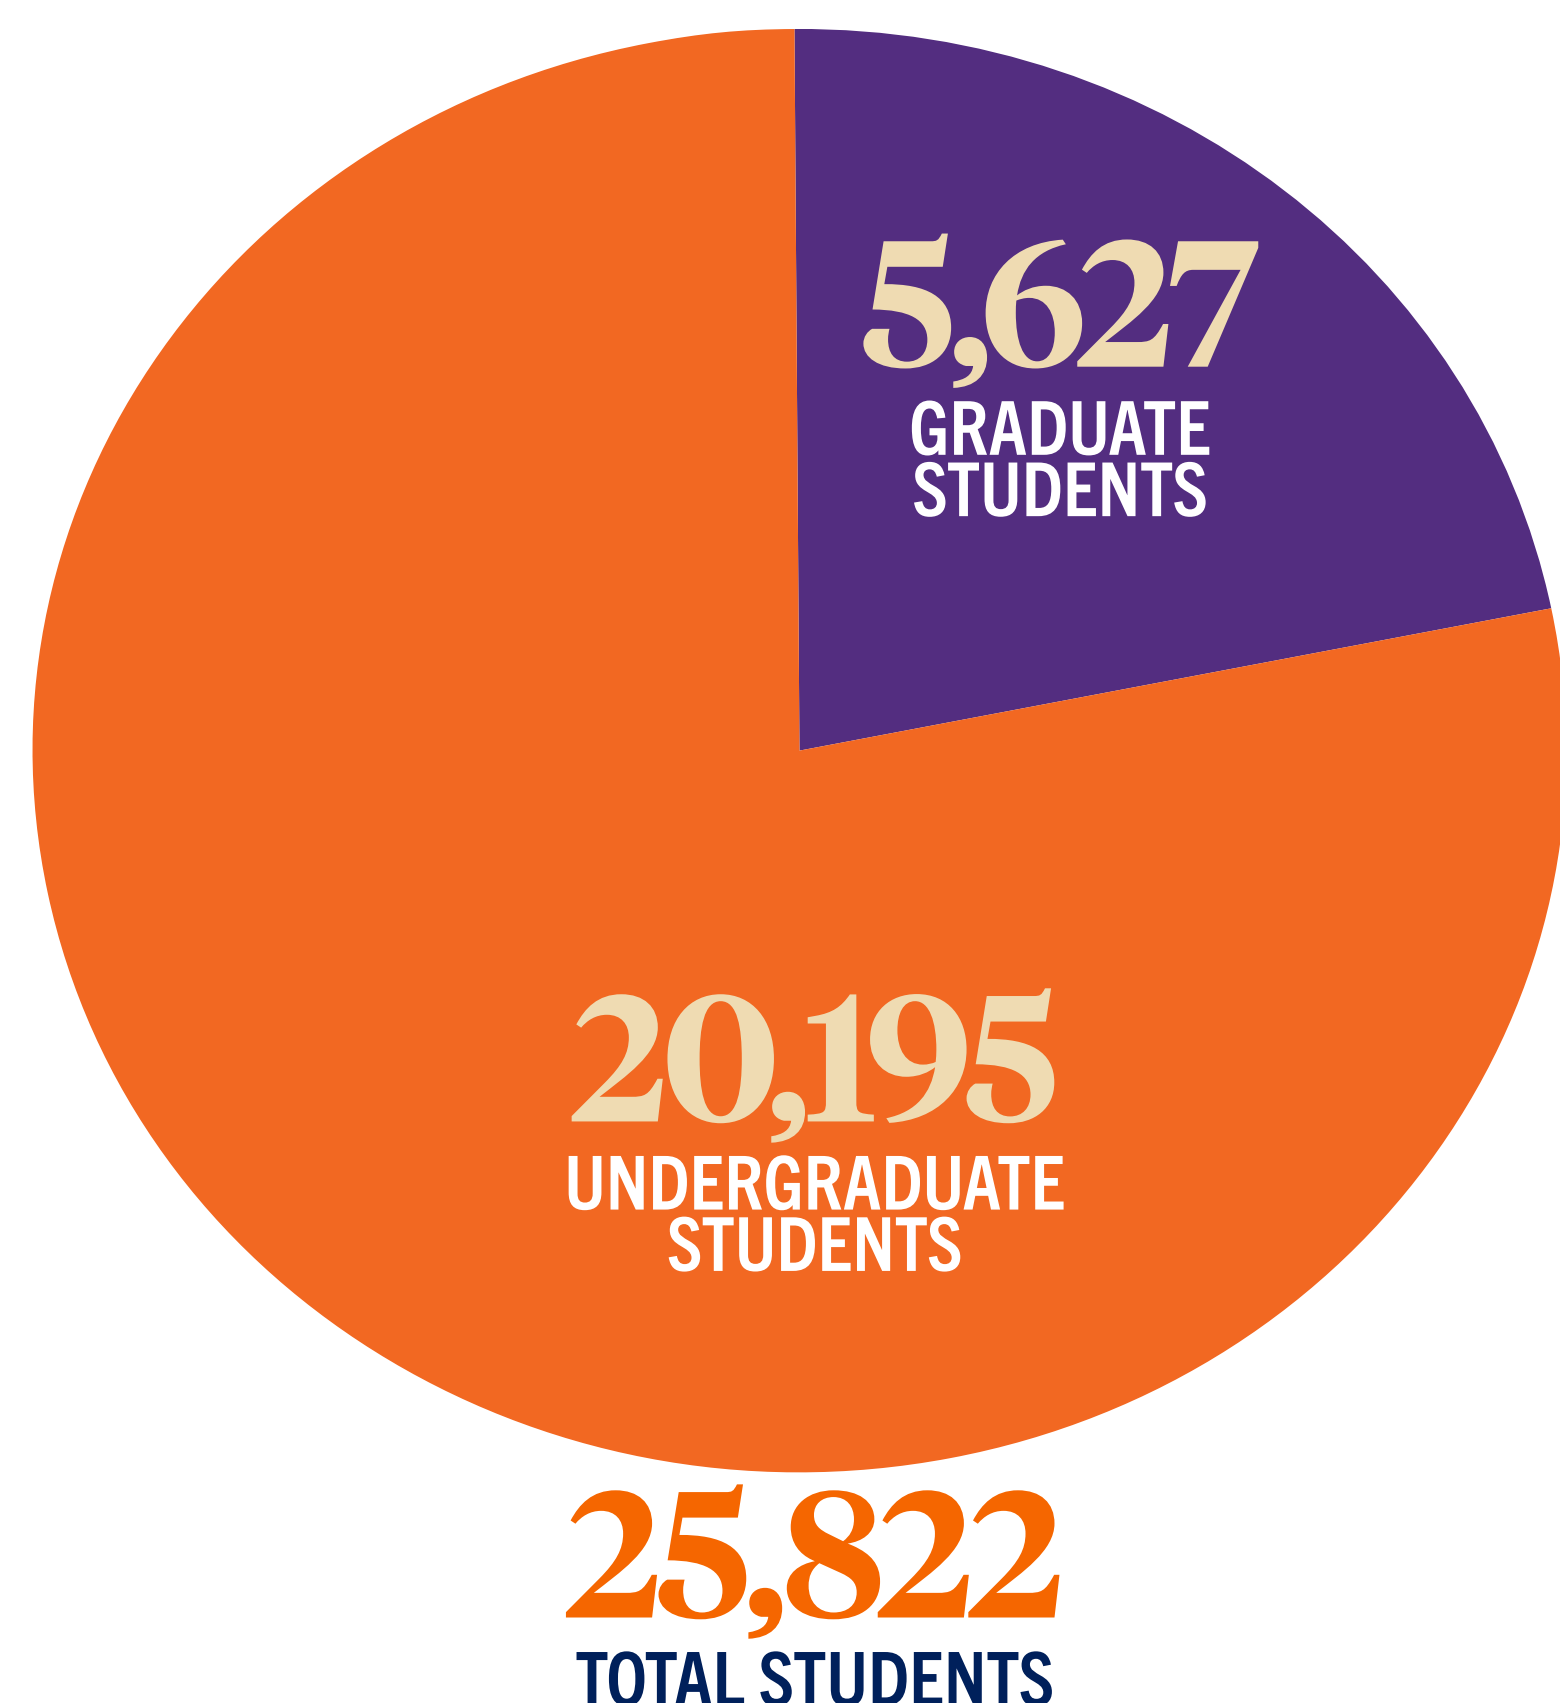

Living large

Residence halls and apartment complexes at Clemson are all within a 10- to 15-minute walk to class. We also have multiple Living-Learning Communities where undergraduates with common academic interests and life experiences can come together to discuss classes or the next trip downtown.

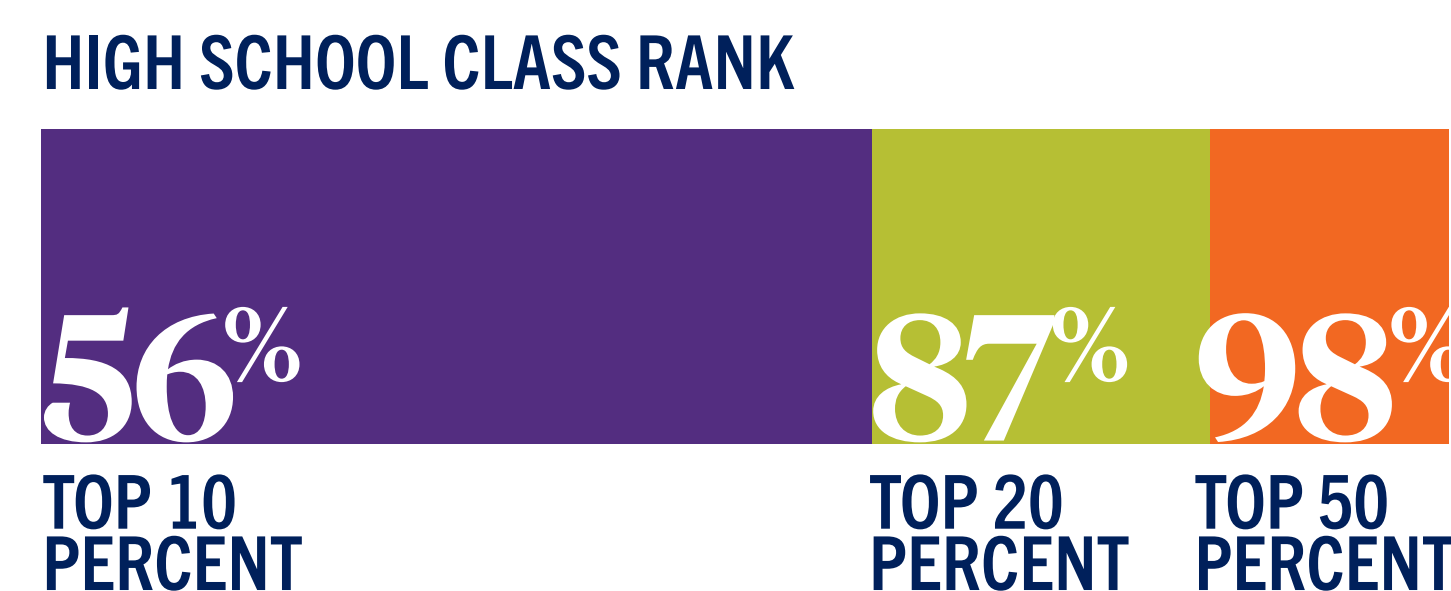

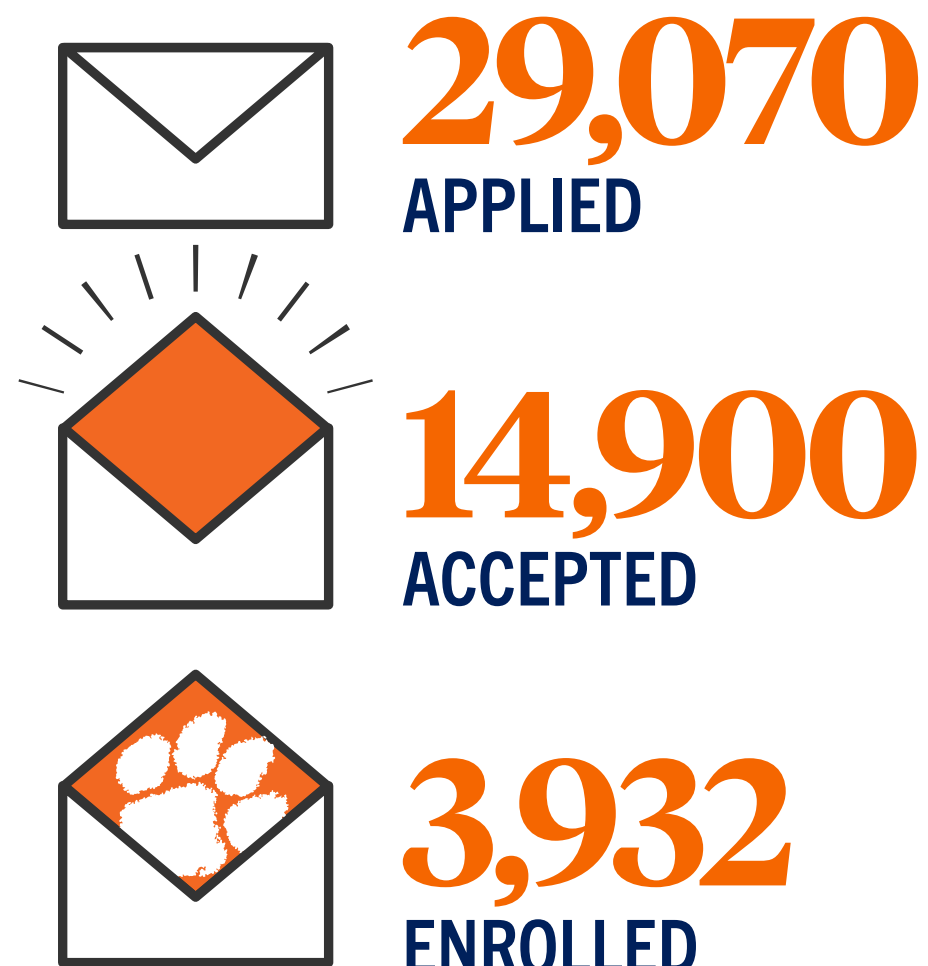

Choices include suite-style living in the center of campus, traditional high rises on the Bryan Mall and the Douthit Hills East Neighborhood.

Apply yourself

Clemson looks for the best and brightest students from across South Carolina, the nation and around the globe. Factors most often considered for admittance include:

- Class standing.
- Standardized test scores (SAT or ACT).
- High school curriculum.
- Grades.
- Choice of major.

The final deadline to apply for the Fall semester is May 1, with a priority deadline of December 1.

You'll find tips, requirements and timelines about admission and acceptance at clemson.edu/admissions/undergraduate.

Recommended High School Curriculum

English.....	4 credits
Mathematics.....	4 credits
Laboratory Science	3 credits
Foreign Language (same language)	3 credits *
Social Sciences.....	2 credits
U.S. History.....	1 credit
Fine Arts.....	1 credit
Physical Education/ROTC	1 credit

*Students who have completed fewer than three credits of the same foreign language are encouraged to apply. Select majors may have additional requirements.

AP/IB Credit

Clemson strongly endorses both the Advanced Placement (AP) Program and the International Baccalaureate (IB) Diploma Programme. Use our credits awarded charts to see how many hours your AP class or IB scores will earn here.

AP: clemson.edu/admissions/undergraduate/documents/apcreditchart.pdf
IB: clemson.edu/admissions/undergraduate/documents/ibcreditchart.pdf

Financial Aid

Clemson was named a *Forbes* "Best Value College" in 2019. Financial aid is usually awarded based on need to supplement the amount you and your parents can contribute to your college expenses. The University also awards some scholarships based entirely on academic merit.

The Office of Admissions automatically reviews each applicant to Clemson for scholarship eligibility (no additional scholarship application required). High school performance, test scores and financial need are all considered when awarding scholarships.

Incoming first-year students must apply for admission by December 1 to be considered.

Test scores need to be received by Clemson by December 31 for scholarship consideration. Merit scholarship packages will be communicated to students in Spring 2021.

To be eligible for federal- and state-based aid, we encourage students to complete the FAFSA located at fafsa.gov by January 2, 2021.

Questions about financial aid?

Talk with a member of our staff. Office hours are 8 a.m. to 4:30 p.m., Monday through Friday. Visit finaid@clemson.edu or call 864-656-2280.
