The Board of Trustees has delegated to the Vice President for Research the signature authority necessary for effective policy administration and compliance oversight associated with grant and contract management. 4.0 Definitions

Grants and contracts – All documents requiring the signature of Clemson University’s Authorized Organizational Representative. Examples include but are not limited to proposal submissions, award documents, contracts, data use agreements, Memoranda of Agreement, Letters of Agreement.

5.0 Policy

The Vice President for Research (or his/her designee) is the official signature authority for all legal documents associated with Sponsored Program Activities. The signature of the Vice President for Research certifies that:

- Project proposals for external funding meet the University’s mission, objectives and sponsor’s solicitation requirements;
- Grant or contract awards will be performed within the constraints of the grant or contract terms and conditions; and

- The University will maintain, or implement, if necessary, operational policies and procedural standards that comply with appropriate federal policies or regulations. Compliance with federal policies or regulations is essential to the University's ability to continue to conduct or grow research.

Sponsored program awards are legally binding contractual agreements, consequently:

- Only the Vice President for Research (or his/her designee) is authorized to negotiate and/or execute such agreements on behalf of the University;
- Principal Investigators, administrative or academic officers through the vice presidential level are not authorized to assume those responsibilities;
- Proposals and awards must clearly identify Clemson University preceding the performing academic unit's name as the official Applicant and Recipient Organization (e.g. Clemson University, on behalf of the College of Science);
- All proposals that are accountable within the University's Fund 20 code – CU Sponsored Program Activities – must be approved through the Office of Sponsored Programs prior to submission to an external sponsor;
- All notifications of an award and associated administrative correspondence are to be addressed or forwarded directly to the Office of Sponsored Program.

The Office of Sponsored Programs is the only University office officially delegated with the authority to negotiate binding grants and contracts between the University and its sponsors. Faculty members are encouraged to make preliminary contacts with their potential sponsor relative to the scientific and technical aspects of proposals. However, the Office of Sponsored Programs must perform all contractual matters and commitments of University resources.

6.0 Responsibilities

When presented with documents for signature related to proposal submission or award acceptance for any grant, contract or research-related agreement, all faculty, staff and students should contact the Office of Sponsored Programs for review, approval, and signature.
