Clemson Forever is dedicated to strengthening the University by building a solid financial base of private giving, providing exemplary stewardship of those gifts and clearly communicating to donors the impact of their gift and the gratitude of the Clemson Family. To this end, the Will to Lead for Clemson is a $1 billion capital campaign to support students, faculty, engagement and facilities.

An Invitation to Invest
Clemson University invites you to bring our basketball program to its full potential. This facility is the number one priority of the Clemson Athletics program. Your gift will help provide the Tigers with one of the best basketball facilities in the nation — one that will help us recruit and retain top student-athletes. The new arena will not only inspire and engage our players and our fans, but will also gain greater media attention.

The arena is a tremendous footprint on the athletic campus, centrally located, with high traffic year-round. It will provide impressive naming opportunities, prominently displayed to athletes, coaches, students and fans. The arena is also the site of the most important day for every Clemson student — graduation day. Each year, more than 4,000 men and women receive their degrees in the arena as their friends and families proudly look on.

Help make Clemson a stronger University and the Tigers a stronger team.

The best is yet to come as the Tigers enter their second century of play with outstanding facilities to advance our team and Coach Brownell.

The completion of the arena rebuild will charge Clemson University toward its goal to be a top-20 public university and bring the benefits to those who matter most: our students.

The Need
Clemson Basketball facilities have come a long way from the inaugural season in 1911-1912 when the Tigers played outdoors at Bowman Field. Through every season and every change of facility, the Clemson spirit for Tiger Basketball has followed. As the level of college play rises and competition increases in the ACC, it’s time to put on a fullcourt press to advance Clemson Basketball — to give our players and coaches the facilities to reach their full potential and an impressive venue to showcase their talents.

The rebuilt basketball arena will inspire and engage both the players and the fans with a new interior layout and design that will be media rich. This important facility will provide a true "destination" for the basketball program.

Although the building’s structure will remain in large part, its exterior face will be significantly upgraded. Contemporary transparent materials and use of light will transform the setting, creating a high-energy, inspiring environment.

The rebuilt basketball arena will include
- a renovated playing arena and seating bowl of approximately 8,500 seats,
- separate men’s and women’s basketball practice facilities,
- coaches’ offices,
- weight rooms,
- locker rooms and
- video editing and theater areas.

It’s Time to Take Our Shot.
This is our opening to shoot for excellence — to get maximum value for our investment. The game is all about timing. A hesitant misstep is an opportunity lost.
