

NOTE: Curriculum worksheets are supplemental planning aids. Every effort is made to ensure accuracy; however, it is the student's responsibility to understand and meet degree requirements as stated in the applicable Undergraduate Catalog. Pre-Business is not a degree-granting program. All Pre-Business students must complete the Pre-Business freshman core (core courses listed in **BOLD ITALICS**) and have a cumulative grade-point average of *2.0 or better* before being admitted into the Economics major. Registration for 3000- and 4000-level business courses may be restricted to students in their degree major, so students should endeavor to complete the core requirements and declare Economics as their major as soon as possible.

¹All students are *required* to take the Clemson Math Placement Test (CMPT) *prior* to registering for their first math course at Clemson. To take the test, go to <https://mthsc.clemson.edu/cmpt/> and follow the instructions. The following math sequences are acceptable: MATH 1020/2070, MATH 1060/1080 or MATH 1060/2070. If a student elects to take MATH 1060 or 1080, one credit-hour will be applied toward the elective hour requirement. Students considering a graduate degree in ECON should begin with MATH 1060. **See advisor for approval of course selection.**

²Students considering a graduate degree in ECON or related fields should take MATH 3020. The math sequence becomes MATH 1060, 1080, 2060, and 3020. MATH 2060 will count as an elective.

³Elective hours may be used for courses not required by General Education or your major curriculum and may be taken in any combination or at any time during your college career.

⁴See General Education requirements list in the catalog. If this requirement is met through the completion of another General Education requirement, students will have three additional elective hours. Students must complete 120 total hours.

⁵FIN 3110 is recommended for students minoring in Financial Management.

⁶Three credit hours must be selected from ECON 3440, 3500, 3600, 4020, 4040, 4100, 4240, 4260, 4350, 4550. Note: Only ECON courses numbered 3160 and above may be used to satisfy the major requirement.

⁷Economics majors may choose, in consultation with their departmental advisors, any College-approved minor.

⁸Students who complete a minor in Accounting, Financial Management, or Management must complete three hours of electives to replace the ACCT 2010, FIN 3060, or MGT 2010, respectively, requirement in the Economics major.

⁹Reserving this course, electives, and coursework for some minors (when possible) increases study abroad course options. Contact the Student Enrichment office (132 Sistine) for further information and assistance with study abroad opportunities.

¹⁰A grade of C or better is required to take MATH 2070.
