

NOTE: Curriculum worksheets are supplemental planning aids. Every effort is made to ensure accuracy; however, it is the student's responsibility to understand and meet degree requirements as stated in the applicable Undergraduate Catalog. Pre-Business is not a degree-granting program. All Pre-Business students must complete the Pre-Business freshman core (core courses listed in **BOLD ITALICS**) and have a cumulative grade-point average of 2.0 or better before being admitted into the Economics major. Registration for 3000- and 4000-level business courses may be restricted to students in their degree major, so students should endeavor to complete the core requirements and declare Economics as their major as soon as possible.

#### Notes:

A. At least 50 percent of the total credits taken in ACCT, ECON, FIN, LAW, MGT, and MKT must be taken at Clemson University.

<sup>1</sup> Placement into the appropriate math class is based on the student's score from the Clemson Math Placement Test or the math portion of their SAT or ACT test. The following math sequences are acceptable: MATH 1020/2070, MATH 1060/1080 *or* MATH 1060/2070. If a student elects to take MATH 1060 or 1080, one credit-hour will be applied toward the elective hour requirement. Students considering a graduate degree in ECON should begin with MATH 1060. **See advisor for approval of course selection.**

<sup>2</sup> Students considering a graduate degree in ECON or related fields should take MATH 3020. The math sequence becomes MATH 1060, 1080, 2060, and 3020. MATH 2060 will count as an elective.

<sup>3</sup> Elective hours may be used for courses not required by General Education or your major curriculum and may be taken in any combination or at any time during your college career.

<sup>4</sup> See General Education Requirements list in the catalog. If this requirement is met through the completion of another General Education requirement, students will have three additional elective hours. Students must complete 120 total hours. Global Challenges credit hours must be selected from two different fields unless identified as interdisciplinary. At least three credit hours must be selected from a course(s) at the 3000-level or higher. A transfer course may **not** be used to satisfy the General Education Global Challenges Requirement. While a transfer course may fulfill other degree requirements, students must enroll in a Clemson course(s) on the Global Challenges list to fulfill the Global Challenges Requirement.

<sup>5</sup> FIN 3110 is recommended for students minoring in Financial Management.

<sup>6</sup> Three credit hours must be selected from ECON 3440, 3500, 3600, 4020, 4040, 4100, 4240, 4260, 4350, 4550. Note: Only ECON courses numbered 3160 and above may be used to satisfy the major requirement.

Total Hours 120

<sup>7</sup>Economics majors may choose, in consultation with their departmental advisors, any College-approved minor.

<sup>8</sup>Students who complete a minor in Accounting, Financial Management, or Management must complete three hours of electives to replace the ACCT 2010, FIN 3060, or MGT 2010, respectively, requirement in the Economics major.

<sup>9</sup>Reserving this course, electives, and coursework for some minors (when possible) increases study abroad course options. Contact the Office of Career and Global Engagement for further information and assistance with study abroad opportunities.

<sup>10</sup>A grade of C or better is required to take MATH 2070.
