

NOTE: Curriculum worksheets are supplemental planning aids. Every effort is made to ensure accuracy; however, it is the student's responsibility to understand and meet degree requirements as stated in the applicable Undergraduate Catalog. Pre-Business is not a degree-granting program. All Pre-Business students must complete the Pre-Business freshman core (core courses in ***BOLD ITALICS***) and have a cumulative grade-point average of 3.0 or better before being admitted into the Marketing major. Registration for 3000- and 4000-level business courses may be restricted to students based on their major, so students should endeavor to complete the core requirements and declare Marketing as their major as soon as possible.

¹ Placement into the appropriate math class is based on the student's score from the Clemson Math Placement Test, the math portion of their SAT or ACT test, or approved transfer credit. The following math sequences are acceptable: MATH 1020/2070, MATH 1060/1080 or MATH 1060/2070. If a student elects to take MATH 1060 and/or 1080, one credit-hour per course will be applied toward the elective hour requirements. Students considering a graduate degree in Economics or related field should take MATH 1060/MATH 1080. **See advisor for approval of course selection.**

² See South Carolina REACH Act Requirement in the Academic Regulations section of the catalog. Students should consult with their academic advisor before taking an equivalent course elsewhere as not all transfer courses cover all material required.

³ Elective hours may be used for courses not required by General Education or your major curriculum and may be taken in any combination or at any time during your college career.

⁴ See General Education Requirements lists in the catalog. If this requirement is met through the completion of another General Education requirement, students may need to complete three additional elective hours to meet 120 total hours required for the degree. Global Challenges credit hours must be selected from two different fields unless identified as interdisciplinary. At least three credit hours must be selected from a course(s) at the 3000-level or higher. A transfer course may **not** be used to satisfy the 3000 or 4000 level General Education Global Challenges Requirement.

⁵ A grade of C or better is required to take MATH 2070/2071.

Notes:

At least 50 percent of the total credits taken in ACCT, ECON, FIN, LAW, MGT, and MKT must be taken at Clemson University.
