120 Total Semester Hours
1Biology 110 and 111 may be substituted. In this case, the extra two credit hours will be counted towards the Mathematics or Science Requirement. BIOL 103-106 or BIOL 110-111 fulfills the General Education Natural Science with Lab Requirement.

2PHIL 102 fulfills the General Education Arts and Humanities (Non Literature) Requirement.

3See General Education Mathematics Requirement. Students need to take two courses from the approved list. All students are required to take the Clemson Math Placement Test (CMPT).

4ENGL 103 fulfills the General Education English Composition Requirement.

5Nineteen credit hours in psychology courses, excluding PSYCH 201, 202, 309, 310, and 492 are required to complete the BS degree. Select six courses (16-18 hrs) from the menus below. At least six credit hours (of the 19 hour total) must be from 400-level courses, with at least three hours from courses numbered between 400 and 489. BIOSC 470 may be taken in lieu of one elective psychology course. Students should consult their academic advisors for other degree requirements/course recommendations. Students satisfying both the Applied and Laboratory requirements with PSYCH 456 must still satisfy the requirement for 19 additional credits in Psychology.

6See General Education Arts and Humanities (Literature) Requirement for a list of acceptable courses.

7Six additional credit hours are required in any natural or physical science course, any math course meeting General Education Requirements, or any of the following: EX ST 3** and 4** and MTHSC 3** and 4**.

8A two-semester sequence in the same natural science other than biology is required by the department. Recommended sequences include: ASTR 101-102; CH 101-102; CH 105-106; GEOL 101 & 112; PHYS 122 & 221; or PHYS 207-208. Excess credits from the sequence will be counted towards the Mathematics or Science Requirement.

9See the General Education Cross-Cultural Awareness Requirement (CCA) for a list of acceptable courses. Note that approved CCA courses may, in some cases, double-dip with courses fulfilling other requirements.

10See General Education Social Science Requirement for a list of acceptable courses. Psychology majors may fulfill the General Education Social Science Requirement and departmental requirements by taking PSYCH 201 and two additional non-psychology social science courses (from the same or different fields).

11Any minor that has been approved by the University and listed in the Undergraduate Announcements is acceptable. No course may satisfy requirements for both the major and the minor. Courses used to fulfill the General Education Requirements, however, may be counted toward the minor. If a minor requires more than the allotted 15 hours, replace elective hours with the minor.

12COMM 150 or 250 fulfill the General Education Oral Communication Requirement.

13See General Education Science & Technology in Society Requirement (STS) for a list of acceptable courses. Note that approved STS courses may, in some cases, double-dip with courses fulfilling other requirements.
