

**CLEMSON UNIVERSITY
CORONAVIRUS DISEASE 2019 (COVID-19)
HEALTH AND SAFETY DIRECTIVE: ONGOING TESTING**

In accordance with the [Compliance with Health and Safety Directives](#) policy, this document has been developed with the overarching priority of ensuring the health and safety of our students, employees and the surrounding community. Incidents of noncompliance will result in referrals to the Office of Community and Ethical Standards (students) and Office of Human Resources (employees).

On-Going Testing

Bi-weekly testing is required for students and employees at all locations – regardless of vaccination status. Beginning after your next required test, as shown on [the COVID-19 Clearance Status Tool](#), student and employee testing for COVID-19 will move to every 14 days.

The University may adjust and update the testing requirements as the conditions warrant.
