

GPS — Graduate Student Plan for Success

How to use this form in an all-digital workflow

This form allows digital signatures and submission via email. To use the interactive features,

- Save this form to your device and open it in Acrobat Reader, rather than trying to complete it within your browser. Not all web browser PDF extensions enable interactive features.
- If the form requires signatures from more than one individual, please attach the form to an email to the first signer, and ask them to sign and forward it to the next signer.
- The last signer may send it back to you to submit, or they may use the “submit” button below to generate an email.

The submit button generates an email to the Director of Graduate Student Success, who processes your information. *Please attach this PDF to the email.* This workflow helps ensure that the Graduate School will receive just one completed form, signed by all.
