

Kronos Mobile App Install

Installing Kronos Mobile App on a Smart Device

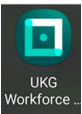

- 1 Open the **Store** on your device (e.g. App Store, Google Play, etc.).
- 2 Search for **Kronos Mobile** app*, and click the **GET**, **FREE** or **INSTALL** button to begin downloading the app. Do not choose the Kronos Mobile for iSeries app.

*When using an iPad, you must change the **iPad Only** filter to **iPhone Only**.

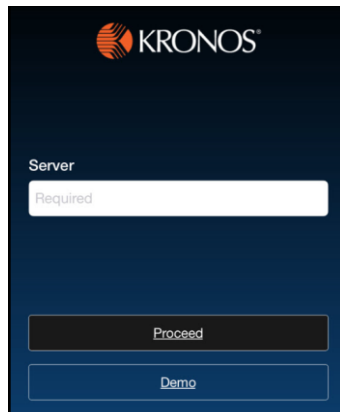

- 3 Once the app has downloaded, tap the **Kronos Mobile** icon to launch the app.

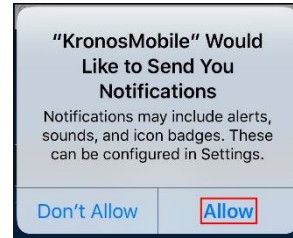

- 4 Enter the following URL in the **Server** field:

<https://clemsan.kronos.net/wfc>

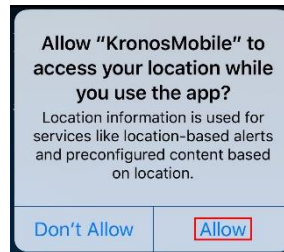

- 5 Tap **Proceed** to access the log on screen.

- 6 If prompted, tap **Allow** to have Kronos send you notifications.

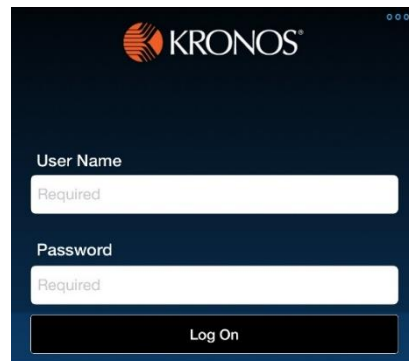

- 7 If prompted, tap **Allow** to have Kronos access your location while you use the app.

If your department allows the use of the mobile app for timekeeping, per policy, you **must** choose **Allow** when prompted.

- 8 Enter your CU username into the **User Name** field (user id without @clemsan.edu) and CU password into the **Password** field.

- 9 Tap **Log On**.

The Kronos Mobile app can be downloaded onto an iPhone, iPad or Android device, but is not compatible with a Windows device.
