2024 Student Job Data Guidance for Spring & Summer

The information in this packet covers:

- Special Information for April 2024
  - Federal Work Study Student Workers
- Graduating Students
  - Graduating Students
  - Terminating 9-Month Graduate Assistants
- New Students
- Summer Break Status
- Students Who Will Remain Active Over the Summer
  - 9-month Graduate Assistants: Active over the summer
  - 9-month Graduate Assistants: Changing to 12H for the summer
  - 12-month Graduate Assistants: Changing to 12H for the summer
- Student Mailing Address Changes
- Summary of Key Information (table format)

### SPECIAL INFORMATION FOR APRIL 2024

#### FEDERAL WORK-STUDY (FWS) STUDENT WORKERS

Federal Work-Study (FWS) funds pay student workers only for work performed through the last day of classes (4/26/24). For the 5/15/24 payday, students may be paid with FWS funds for hours worked 4/16/24 – 4/26/24. Hours worked 4/27/24 – 4/30/24 are required to be paid by 100% departmental funds (account 5150 – Salary & Wages Undergraduate), as well as all pay issued after the 5/15/24 payday.

Graduating FWS Students:

- FWS student workers who are graduating must be terminated or transferred to 100% departmental funds (account 5150) effective 4/27/24 (last day worked 4/26/24). The deadline for data entry into CUBS is **4:00pm on 5/1/24**.
- For Kronos timekeeping divisions, it is VERY important to **first move the student worker to 100% departmental funds BEFORE entering the Termination**. This is necessary to ensure the Kronos data passes back to PeopleSoft payroll correctly for the final paycheck. As a reminder, we are still experiencing issues with JED changes passing from PeopleSoft HR to Kronos. As a result, hours may pass from Kronos to an incorrect chartfield on paylines. Please carefully check payroll to ensure the proper chartfield(s) is used.

Continuing FWS Students:

- The FWS program will not offer FWS funding for this summer.
- Students who will continue to work during the summer **MUST** be transferred to 100% departmental funds (account 5150) effective 4/27/24 by sending a Job Earnings Distribution change to the Data Center. The deadline for data entry into CUBS is **4:00pm on 5/1/24**.
- If a current FWS student will **NOT** be working during the summer but plans to return as a student worker in the Fall, send a Start Student Break request to the Data Center and **include the Job Earnings Distribution to change the account number**. The deadline for data entry into CUBS is **4:00pm on 5/1/24**.
- It is not necessary to terminate and rehire; however, students who are not removed from the FWS account and transferred to departmental funds (account 5150) will cause a need for payroll corrections should they be awarded FWS for the following year. The FWS account changes from year to year. Students should never be placed on the FWS account from year to year until they apply and are hired through the FWS portal. Once a FWS student accepts a job, the
supervisor and payroll contact are notified via email. The email to the payroll contact is notification that the student may be placed on the FWS account. The new FWS account is updated yearly via the FWS site, under the User Guide.

- **Reminder:** When transferring students from work-study to departmental funding, you must change the account number from 5152 (FWS) to 5150 (Salary & Wages Undergraduate). Please check for this when making the change.

If you have questions regarding FWS, please call Debra Vassey at 864-656-2280 or via e-mail at dvasley@clemson.edu.

Submit changes to HR via the Change Hire Form.

### GRADUATING STUDENTS

<table>
<thead>
<tr>
<th>GRADUATING STUDENTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>A student who graduates cannot remain in a student position past graduation day.</td>
</tr>
<tr>
<td>• See the section below for specifics related to terminating a 9-month graduate assistant.</td>
</tr>
<tr>
<td>• Reference the FWS section above for specifics related to terminating FWS students.</td>
</tr>
<tr>
<td>• Otherwise, follow the guidelines below.</td>
</tr>
</tbody>
</table>

A graduating student must be terminated no later than the day after their applicable graduation day (effective date 5/10/24 or 5/11/24), with last day worked or transitioned to a non-student status no later than their graduation date, depending upon their graduation day.

**Process Steps:**

Process the Request for Termination via the Change Hire Form using an Effective Date of the day after the student’s last day worked, which should be no later than their specified graduation date.

### TERMINATING 9-MONTH GRADUATE ASSISTANTS

Indicating a termination on the GS61 will NOT update PeopleSoft HR. To terminate the job and stop payroll payments, follow the guidelines in this section.

Nine-month graduate assistants (9MA) will receive their 18th payment of the academic year on 5/15/24, paying them through the end of the academic year, which is 5/16/24. To accurately pay them in full on 5/15/24 and reflect a termination date no later than the day after graduation (last day worked being the day of graduation), do not process the termination until after payroll is confirmed for the 5/15/24 payday (process on or after 5/10/24 but no later than 5/16/24). If the term date is entered too early, the graduate assistant will be short-paid on 5/15/24.

**Process Steps:**

Process the Request for Termination via the Change Hire Form using an Effective Date of the day after the student’s last day worked, which should be no later than their specified graduation date.
New Hire Reminders:

- New US hires require an I-9 prior to entry into PeopleSoft.
- New International Hires require International Hire Form Approval prior to entry in PeopleSoft. Approval from International Employment is required prior to starting work.

New Students:

- Students who were enrolled in classes during Spring 2024 may be hired as new student workers during the summer. The hire date should be effective the first day of work.
- New students who are not enrolled until Fall 2024 cannot be hired as student workers during the summer. You may bring them on board as a part-time temporary worker for the summer months, until the first day of classes on 8/21/24.
  - If they will be hired as a student worker for Fall 2024, the part-time temporary record must be terminated effective 8/21/24 (last day worked 8/20/24) and then follow the normal procedures for hiring a student worker.
  - If the student will attend structured training, you may hire them into a student job as early as 8/1/24.

Process Steps:

1. HR/Payroll Liaison meets with the student to view documents used for the I-9 and makes copies.
2. Student completes the New Employee Data Sheet.
3. HR/Payroll Liaison enters the hire via the CU Add a New Student Hire form in PeopleSoft HR.
4. If the electronic I-9 is used, the HR/Payroll Liaison creates a folder on their computer labeled Budget Center_Employee Name_I-9 Docs (Example: CECAS_John Doe_05.01.2022_I-9 docs) and place the copies of the I-9 documents in the folder.
5. HR/Payroll Liaison uploads the folder to the Secure Box.
6. Student completes Section 1 of the online I-9 24 hours after the hire is entered in PeopleSoft.
7. When Section 1 is completed, the HR/Payroll Liaison completes Section 2.
8. If the paper I-9 is used, the HR/Payroll Liaison delivers the signed, original I-9 and copies of the documents provided to ASB. In this case, the documents do not need to be uploaded to Box.

Important Reminders:

- If the student is International, an International Hire Request approval is required.

SUMMER BREAK: CURRENT STUDENTS NOT WORKING DURING SUMMER BUT PLANNING TO RETURN IN THE FALL

The procedures detailed below apply to both US and International Student Workers. International Employment will soon send a communication regarding placing international students on break for the summer and returning in the fall.

12-Month Students:

Place 12-month undergraduate and graduate student workers who will not be working during the summer, but are planning to return to work in the fall, on student break for the summer. Request via the Data Entry Change Form - Paper Version. See Process Steps below.
9-Month Students:

It is required that all US and International 9MA graduate assistants (GAs) and resident assistants (RAs) who will not be working over the summer be placed on “Start Student Break or Initiate International Break” status effective in CUBS no later than 5/17/2024. These entries prevent students from receiving unnecessary weekly emails regarding the time capture system over the summer, ensure reliable data and help HR provide a reliable headcount of who is working at any given time during the year. See Process Steps below.

Note: Nine-month graduate assistants (9MA) will receive their 18th payment of the academic year on 5/15/24, paying them through the end of the academic year (5/16/24). Be mindful of this when putting them on break, as the effective date must be 5/17/24 and should not be entered until payroll is confirmed for the 5/15/24 payday (process on or after 5/10/24). If the effective date is entered too early, the graduate student will be short paid on 5/15/24.

Graduate Assistants:

To coincide with any entry in PeopleSoft HR, you must notify the Graduate School (via the online Assistantship/Fellowship Report GS61 system) of graduate student status by the summer session. If a graduate assistant is on break in PeopleSoft, the GS61 must also reflect the break. If you are not the person to enter this information into the GS61 system, please coordinate the entry with your graduate student coordinator(s).

Process Steps:

Send the change to the Data Center utilizing the Data Entry Change Form - Paper Version.

1) Process the request for Start Student Break or Initiate International Break on the Data Entry Change Form - Paper Version. Be sure to include an effective date and an earnings distribution change for FWS students. REMINDER: The same submission can include the Start Student Break and the earnings distribution change.
   a) Enter an Effective Date equal to the first day not working.

2) Process the request for Return from Student Break or End International Break on the Data Entry Change Form - Paper Version.
   a) Enter an Effective Date equal to the first day back in active status.
   b) If the student worker is not returning to work, process a termination via the Data Entry Change Form - Paper Version. Note regarding Graduate Assistants: indicating a termination on the GS61 will NOT update PeopleSoft HR. To terminate the job and stop payroll payments, follow the guidelines in this section.

- Note: For International Students, if you are increasing the student’s hours when returning them from leave, an International Hire approval is required.

- Reminder: If the student is not returning to work in the fall, a termination is required. Students not returned from Start Student Break or Initiate International Break prior to the start of the Fall semester will automatically be terminated.

Do not put Federal Work Study students on break while still in the FWS status.

If a current FWS student will NOT be working during the summer but plans to return as a student worker in the Fall, follow these process steps to send a request to the Data Center via the Change Hire Form.

1. Include a Job Earnings Distribution to change the account number.
2. Enter the effective date and select Start Student Break. The deadline for data entry into CUBS is 4:00pm on 5/1/24.
Nine-month graduate assistants (9MA) will receive their 18th payment of the academic year on 5/15/24, paying them through the end of the academic year (5/16/24).

9-MONTH GRADUATE ASSISTANTS: ACTIVE DURING THE SUMMER

• Leave GAs in the 9MA status during the summer
• Pay will automatically be suspended from 5/17/24-8/14/24
• If a 9MA GA will be working over the summer in their GA status, pay via online special pay
  o This is the same process, with the same deadlines, as pay for 9MA faculty members
• Use the Earnings Code SGA (Summer Graduate Assistant) on the online special pay or recurring pay. The SGA earnings code should only be used for 9MA Graduate Assistants.
• A 9MA GA being paid over the summer will NOT have to go without pay on 5/31/24 due to the efforts outlined in this documentation.

Per the Graduate School, all 9MA GAs that will have assistantships over summer must be added to the GS61, following the process outlined by the Graduate School. You must enter all information, including any changes to the standard hours and job code/title. Work hour limitations still apply per student worker policies. For questions regarding the GS61, please contact Kelsey Loftus at kloftu@clemson.edu.

As a reminder, changes applicable to Fall must also be updated on the GS61 for Fall 2024.

Anything NOT changed in Job Data will be applicable when the 9MA GA returns to work in Fall 2024.

If the 9MA GA will have different Standard Hours or a different Job Code/Title over the summer, process or request a change in Job Data.

  • Use the Effective Date of 5/17/2024 for Job Data changes for Summer I or all summer.
  • Use the Effective Date of 6/26/2024 for Job Data changes for Summer II.
  • Use the Effective Date of 8/15/2024 for Job Data changes for Fall 2024

9-MONTH GRADUATE ASSISTANTS: CHANGING TO 12H FOR THE SUMMER

If a 9-month GA will be an active hourly student worker over the summer, not in a GA status, they must be changed to the 12H pay group effective 5/17/24, and changed back to the 9MA status effective 8/15/24, which is the first day of the academic year.

  ➢ Reminder: Please be aware of the lag to pay and ensure the lag is communicated to the student worker going from 9MA to 12H.

  Payday Information

End of spring: Last 9MA payday = 5/15/24 for work performed through 5/16/24 and First 12H payday = 6/15/24 for work performed 5/17/24-5/31/24.

End of summer: Last 12H payday = 8/31/24 for work performed through 8/14/24 and First Fall 9MA payday = 8/31/24 for work performed 8/15/24-8/31/24.
Process Steps:
Send the change to the Data Center utilizing the Change Hire Form.

Changing to 12H for Summer 2024
- Enter an Effective Date of 5/17/24.

Changing back to 9MA for Fall 2024, if applicable
- Enter an Effective Date of 8/15/24.

12-MONTH GRADUATE ASSISTANTS: CHANGING TO 12H FOR THE SUMMER
If a 12-month GA will be an active student worker over the summer, not in a GA status, but as an hourly graduate student worker, follow the process steps below.

Process Steps:
Send the change to the Data Center utilizing the Change/Hire form.

Changing to 12H for Summer 2024
- Enter an effective date equal to the first day in the 12H status.

Changing back to 12-month GA for Fall 2024, if applicable
- Enter an effective date equal to the first day in the GA status.

- Reminder: To coincide with any entry in PeopleSoft HR, you must notify the Graduate School (via the online Assistantship/Fellowship Report GS61 system) of graduate student status by summer session. If a 12-month graduate assistant is on break in PeopleSoft, the GS61 must also reflect the break. If you are not the person to enter this information into the GS61 system, please coordinate the entry with your graduate student coordinator(s).

STUDENT MAILING ADDRESS CHANGES
Active student workers can change their mailing address at my.Clemson.edu.

Terminated student workers, who are still enrolled students, can also change their mailing address at my.Clemson.edu.

Terminated student workers, who are no longer enrolled students, can change their mailing address using the Change of Address Links webpage.
