

DATA SERVICES LIBRARIAN

Clemson University Libraries seek an entrepreneurial librarian to lead the Libraries data management initiatives. The Data Services Librarian will develop and provide services that support faculty, researchers, and students in the discovery, use, preservation, and visualization of data. The Data Services librarian will coordinate and teach instruction sessions and programming related to research data management and provide consultations for researchers in collaboration with subject librarians. This is a 12-month tenure track Faculty position and works under the direction of the Head of Library Technology.

Responsibilities:

Data & Research Services

- Provide support and instruction in data management tools and techniques required by faculty, researchers, and students to find, describe, preserve, and visualize data.
- Assists researchers with the review of data management plans and development of grant proposals.
- Analyzes and assesses campus data management needs, current initiatives, and future directions.
- Develops and implements plan for the Libraries to provide and sustain data services for the University community.
- Works collaboratively across the Libraries to support various initiatives including Open Access, Open Educational Resources, and digital initiatives.
- Develops partnerships and works in collaboration with campus offices that provide research data services to support the University's research mission.
- Engages in professional development such as attending conferences, workshops, and webinars related to job functions.
- Develops a focused program of high quality research and creative accomplishments, consistent with professional responsibilities and the Libraries' mission and goals.

Instruction & Outreach

- Designs and teaches data management instruction sessions, workshops, and programs; creates instructional materials and research guides in a variety of formats.
- Participates in outreach to promote library resources and services.

Service

- Actively participates and demonstrates leadership in professional responsibilities that serve the Libraries, University, profession, and community.

Clemson Libraries is the first place for information. Our collection boasts 1.2 million print volumes, complemented by over 500,000 eBooks and 82,000+ electronic journal subscriptions. Unlike Google, our collection is curated by librarians working with your professors to ensure that what we have matches your curricular needs. You can easily search our holdings from the search box at the top of our home page, and our online holdings are available 24/7 when and where you need them. Some older materials are stored in our Library Depot location in Clemson Research Park, retrievable upon request. Can't find what you're looking for? Resource sharing agreements with South Carolina academic libraries through PASCAL, and other libraries through interlibrary loan, allow you to get what you need for your research fast and free.

Special Collections & Archives, located on the lower level of the Strom Thurmond Institute, is the caretaker of Clemson University's cultural heritage as well as that of the region and the state. The collections include unique primary source materials such as manuscripts, rare books, and the papers of prominent figures such as John C. Calhoun, Thomas Green Clemson and Strom Thurmond.

Librarians knowledgeable in your discipline are committed to teaching you how to find quality research materials and critically evaluate what you find. They can assist through instruction session in your classes, as well as by answering questions in person, on the phone, via email, text and chat. Librarians also create research guides specific to your courses, and connect library resources through Canvas.

Our three libraries – Cooper, Gunnin Architecture Library in Lee Hall, and the Education Media Center in Tillman Hall – have spaces to meet the needs of every student: from louder, collaborative areas with rolling white boards and screens for group projects, to quieter areas with upholstered seating and study carrels. There are also group studies and meeting rooms of various sizes available to reserve.

The Cooper Library also provides many unique collections and spaces to help you complete your course project or presentation. Cameras, microphones and even VR headsets are available for checkout at the Library Services Desk. The Adobe Digital Studio provides access to green screen and audio recording technologies as well as peer assistance in the use of Adobe software products. The Brown Digital Resources Lab offers a state-of-the-art visualization wall. Partner spaces such as the GIS Lab, the CCIT Service desk and Starbucks, allow you to get the assistance and sustenance you need, all without leaving the building. Finally, when you are ready to publish the fruits of your labor, the library provides both a print and a digital publishing platform, TigerPrints, and spaces to present your work.

The *ClemsonForward* plan is available at clemson.edu/forward.

In 2016, the Clemson University Board of Trustees approved a 10-year strategic plan grounded in Clemson's historic strengths but focused solidly on the future and the challenges facing South Carolina, the nation and the world in the 21st century.

The plan aims to ensure that Clemson fulfills its core mission while consistently ranking among the nation's top 20 public universities and Carnegie tier-one research institutions.

ClemsonForward focuses on the success of students by targeting these specific areas:

Research: Increase national competitive scholarship and research funding, particularly in the areas of advanced materials; cyber-infrastructure; analytics and big data science; energy, transportation and advanced manufacturing; human resilience; health innovation; and sustainable environment.

Engagement: Extend and focus Clemson's exceptional student and community engagement programs; fully leverage economic development and innovation campuses.

Academic Core: Maintain excellence in undergraduate education while growing graduate education.

Living: Build on the Clemson experience by providing the best in student environment, faculty and staff working environment, and athletic excellence.

BRAND RECOGNITION AND STRENGTH

Clemson enjoys excellent brand awareness and reputation both inside and outside the state of South Carolina. The recent 2016 National Championship title in college football gave the University vast national exposure. The demand for enrollment remains high year after year. In 2016, Clemson received more than 23,500 applications, with an acceptance rate of 51 percent.

Additionally, the University was ranked by *U.S. News & World Report* in the top 25 of the nation's public universities for ten straight years. The University enjoys numerous other top rankings:

From *U.S. News & World Report*

- No. 23 National Public University
- No. 12 Most Innovative School among all National Public Universities
- No. 16 Best College for Veterans
- One of only 11 public universities recognized for excellence in undergraduate research and creative projects

From the *Princeton Review*

- No. 1 Best Career Services
- No. 2 Students Pack the Stadiums
- No. 6 Best Alumni Network
- No. 5 Town-Gown Relations

From *Money Magazine*

- No. 12 among Best Public Colleges

From *Kiplinger's Personal Finance*

- Named a Best Public College Value

ABOUT THE CITY OF CLEMSON

Clemson is a city of approximately 14,000 year-round residents that swells to 100,000 on home football games in the fall. Clemson is in Pickens County, South Carolina. The Clemson area, located on the northwest corner of the state in the foothills of the Blue Ridge Mountains, is on the shores of Hartwell Lake, a large man-made lake with great fishing, swimming, and boating. Clemson enjoys a moderate climate year round with average temperatures in January at 30°F to 50°F and in August of 69°F to 90°F.

The area was once home to John C. Calhoun (father-in-law to Thomas Green Clemson) and General Andrew Pickens. The Calhoun home, today called Fort Hill, still stands on the Clemson University campus. In 2016, the median household income was \$37,466 in Clemson and \$46,898 statewide.

The city of Clemson operates within the Clemson Police Department, Clemson University Fire Department and Pickens County EMS, for public safety needs. All departments are staffed 24-hours a day, seven days a week. The Clemson Area Transit offers free transportation (known as the CAT bus) to all riders. The city is also served by Amtrak on the Crescent route. The closest major airport is Greenville-Spartanburg International Airport (GSP), located a 45-minute drive away.

The school district for the city of Clemson is Pickens County School District. Children living in the city of Clemson attend Clemson Elementary School, RC Edwards Middle School, and D.W. Daniel High School. Clemson is served in the United States Senate by Lindsey Graham and Tim Scott, and in the House by Jeff Duncan. Residents also enjoy access to the Brooks Center for the Performing Arts, the 18-hole Walker Golf Course, the Cooper Library, the South Carolina Botanical Garden, and the Bob Campbell Geology Museum on the Clemson University campus. In addition, the University has 17 NCAA teams and numerous intramural and club sports.

Downtown Greenville, located approximately 30 minutes from Clemson, offers a thriving entertainment, dining, and cultural scene and is home to the Greenville Drive, a minor league baseball team affiliated with the Boston Red Sox. Both Atlanta, Georgia and Charlotte, North Carolina are within a two-hour drive from Clemson, while outdoors lovers can be in the mountains of North Carolina in an hour or enjoy hiking, fishing, camping and more at one of several South Carolina state parks within a 45-minute drive of Clemson.

QUALIFICATIONS:

- An ALA-accredited graduate degree in librarianship or other relevant graduate degree as deemed appropriate by the Libraries
- Demonstrated knowledge of data management practices, data curation practices, and preservation principles and practices
- Understanding of the research life-cycle as demonstrated by education or work experience
- Effective interpersonal, oral, and written communication skills
- Demonstrated ability to work in a team environment
- Experience or demonstrated potential supporting researchers with data services, including review of data management plans, data discovery, and data storage
- Familiarity working with common funding agency requirements, such as NSF, USDA, NEH, NIH
- Familiarity with software used for statistical and/or qualitative analysis and data visualization
- Demonstrated understanding of the value of diversity and inclusion in the workplace

HOW TO APPLY:

To apply, enter <http://apply.interfolio.com/60004> in your search bar.

All application materials must be submitted through Interfolio for consideration. Please submit a cover letter, professional curriculum vitae, and three (3) reference contacts. Review of materials will begin immediately.

This is a 12-month tenure track Faculty position and works under the direction of the Head of Library Technology.

Review of materials will begin immediately. Applications received by March 1, 2019 will be guaranteed consideration. Applications will be accepted until position is filled.

Clemson University is committed to a policy of equal opportunity for all persons and does not discriminate on the basis of race, color, religion, sex, sexual orientation, gender, pregnancy, national origin, age, disability, veteran's status, genetic information or protected activity (e.g., opposition to prohibited discrimination or participation in any complaint process, etc.) in employment, educational programs and activities, admissions and financial aid. This includes a prohibition against sexual harassment and sexual violence as mandated by Title IX of the Education Amendments of 1972.
