Respondus LockDown Browser Quick Start Guide for Students
Canvas Edition

Installing LockDown Browser
LockDown Browser must be installed to each computer (Windows or Mac) to take a test.

1. Go to http://www.clemson.edu/online/tools/responduslockdown.html, locate the link to downloads LockDown Browser.

2. Click the download link, and follow the onscreen instruction to complete the install. You can also watch the tutorial video on the left.

Taking a Quiz
From a student’s perspective, this is how LockDown Browser is used to take an assessment.

1. Locate the “LockDown Browser” shortcut on the desktop and double-click it. (For Mac users, launch “LockDown Browser” from the Applications folder.)

2. If prompted to close a blocked program (e.g. screen capture, instant messaging) choose Yes when prompted.

3. Choose “Clemson Canvas” from the drop-down menu, and click OK.
4. Log into Canvas by using your Clemson username and password.

5. Navigate your course, locate the quiz and click **Take the Quiz**.

6. Once a quiz has been started with **LockDown Browser**, you cannot exit until the **Submit Quiz** button is clicked.

**TIP:** Prior to the first quiz, have students complete a practice quiz that uses LockDown Browser to make sure they have installed it correctly.
