In these hills
Rise to the challenge

Getting a great education is only the beginning at Clemson University. This top-ranked public university (U.S. News & World Report, 2021) is committed to taking your talents and interests to heart as you grow into your dream job, postgraduate education or starting your own business.

From the foothills of the Blue Ridge Mountains and the shores of Lake Hartwell, you will forge your own path with hands-on learning experiences, interactive classes and flexible majors that encourage you to choose what’s best for you.

And if you’re not sure what you want to study, we can help. Clemson’s Center for Career and Professional Development is built to match your growing skills with internships, real-world experiences and networking opportunities specific to your interests.

“Utilizing the Clemson Family has been so important during my time here — through networking and the lifelong relationships forged with my peers and professors. You can find that at other schools, but it’s on a whole other level at Clemson.”
— Erica Wearing, junior agricultural education major

Erica Wearing got involved early and often at Clemson University. Her goals of teaching, creating career connections and making her major more appealing to women of color, like herself, have been a driving force during her time at Clemson.

Clemson’s 80+ majors are sure to have what you are looking for to grow in your career and in life. Whether you want to double major, major-minor, find an ideal concentration or need professional certifications, we offer small class sizes within a rigorous curriculum to explore a future that fits you.

Clemson University offers:
• Mentoring.
• Connections with partner companies.
• Extensive alumni network in all industries.
• Postgraduate education counseling.

Leading the way

Making a difference starts by doing what you love. A great way to figure that out is engaging with professors and professionals. Clemson University partners with businesses around the world for a variety of internships and co-ops including General Electric, Bosch, Vanguard, PepsiCo, Michelin, BMW and many, many more.

Our No. 2-ranked Career Services and No. 3 Top 20 Best Schools for Internships (public schools) designations from The Princeton Review (2021) highlight a commitment to the future and growing a network of Tigers anywhere you might go.

Academic Success Center

The heart of campus includes the Cooper Library, Watt Family Innovation Center and our renowned Academic Success Center (ASC). Students who take advantage of these services improve their grades, maintain their scholarships and work one-on-one with mentors to understand difficult class material. From Peer-Assisted Learning (PAL) to academic coaching and tutoring, the success you build at ASC will make you more appealing to employers and graduate schools down the road.

Within an average of six months after graduation, 90 percent of graduates are employed, continuing or planning to continue their education or are not currently seeking employment.

Seventy percent of co-op graduation candidates in May 2020 had already accepted a full-time position at a company or had been accepted into graduate school. (Center for Career and Professional Development Annual Report, 2019-2020)

Alejandro Pardo found a passion for leadership and helping others during his time at Clemson through early interactions with a student tour guide and the University’s renowned career services department. He intends to use those lessons in the workforce and the community he hopes to serve.

“Clemson puts so much emphasis on their career services because they know how important it is for a student to enjoy and love what they will do every day for the rest of their lives.”

— Alejandro Pardo, junior industrial engineering major

The sheer tenacity of spirit and pride in what we do puts Clemson University in a class of its own. We are designated an R1 Research Institution, the highest rank bestowed by Carnegie Classification of Institutions of Higher Learning.

Our Clemson University Honors College brings specialized courses in smaller classes taught by top faculty. Students are encouraged to participate in global engagement opportunities and pursue innovative research.

We offer a robust Creative Inquiry undergraduate research program featuring more than 500 projects across every field available at Clemson. Since 2005, the program has engaged more than 50,000 undergraduate students in 1,000+ projects ranging from drought-resistant crops and infrastructure development to rocket propulsion and food waste recovery.
College is meant to be a new exploration of life, independence and self-discovery. To do that, you will want to push yourself away from the known and into the unknown. When graduating seniors are asked what they would tell their first-year selves, without hesitation, they say some form of “get outside your comfort zone and get involved.”

Clemson makes that easy with 550+ clubs and organizations highlighting cultural diversity, sports, sustainability efforts, religion, dance, technology and so much more. And if you don’t find the club you want, you can start one.

Clemson’s campus is great, but you might not realize that includes 17,500 acres of Experimental Forest for hiking and biking. It sits along the Lake Hartwell shoreline, making it ideal for kayaking, canoeing or wading at the Snow Outdoor Fitness and Wellness Complex.

89% of students would still choose Clemson if they could do college all over again.

89%
STUDENTS WOULD STILL CHOOSE CLEMSON IF THEY COULD DO COLLEGE ALL OVER AGAIN.

You are here

HOME TEAM RULES
Clemson is part of the Atlantic Coast Conference with 19 NCAA athletic teams including three-time football National Champions and our new, ACC Champion women’s softball team.

Living large
Residence halls and apartment complexes at Clemson are all within a 10- to 15-minute walk to class. We also have multiple Living-Learning Communities where undergraduates with common academic interests and life experiences can come together to discuss classes or the next trip downtown.

Choices include suite-style living in the center of campus, traditional high rises on Bryan Mall and the Douthit Hills East Neighborhood.

AP/IB Credit

Clemson strongly endorses both the Advanced Placement (AP) Program and the International Baccalaureate (IB) Diploma Programme. Use our credits awarded charts to see how many hours your AP class or IB scores will earn here.

AP: clemson.edu/admissions/documents/apcreditchart.pdf
IB: clemson.edu/admissions/documents/undergraduate/documents/ibcreditchart.pdf

Financial Aid

Clemson was named a Money magazine "Best Colleges in America, Ranked by Value" in 2020. Financial aid is usually awarded based on need to supplement the amount you and your parents can contribute to your college expenses. The University also awards some scholarships based entirely on academic merit.

The Office of Admissions automatically reviews each applicant to Clemson for scholarship eligibility (no additional scholarship application required). High school performance, test scores and financial need are all considered when awarding scholarships.

Incoming first-year students must apply for admission by December 1 to be considered. Test scores and self-reported transcripts need to be received by Clemson by December 31 for scholarship consideration (test scores are optional for 2022-2023 cycle). Merit scholarship packages will be communicated to students in Spring 2022.

To be eligible for federal- and state-based aid, we encourage students to complete the FAFSA located at fafsa.gov by January 2, 2022.

Questions about financial aid? Talk with a member of our staff. Of ce hours are 8 a.m. to 4:30 p.m., Monday through Friday. Visit Financially clemson.edu or call 864-656-2280.

FIRST-YEAR STUDENT APPLICATION TIMELINE

Fall
Recommended time frame to submit at least one set of scores for the SAT or ACT (optional for 2022-2023
cycle). Make sure to list Clemson to receive your scores.
SAT code is 5111.
ACT code is 3842.

December 1
Submit the undergraduate application for Summer/Fall admission by this date to ensure notification in
mid-February.*

December 31
Deadline for submission of self-reported transcript and standardized test scores (optional for 2022-2023
cycle) to receive priority consideration for academic recruiting scholarships for Summer/Fall semester
(must submit application by December 1).

January 2
Deadline for first-year students to submit FAFSA for need-based programs and consideration for loans
and grants.

Mid-February
Admissions decisions are mailed to students who applied by December 1; students who applied after
December 1 may receive a decision at this time or shortly thereafter.*

May 1
Final deadline to apply for Summer/Fall admission.*

*We will notify you by email when we receive your application and keep you updated on the status of your
application while it’s under consideration.
