NEED TO VISIT THE OFFICE?

We are open Monday - Friday 7:30 AM to 4:30 PM. Address: 310 Klugh Ave Suite B, Clemson, SC 29634

PERMIT GUIDELINES

VISIT CLEMSON.EDU/PARKING/PERMITS FOR FULL DETAILS.

Everyone (excluding visitors who park in metered spaces) must obtain and display a permit to park anywhere on campus at any time. Short-term and temporary permits are available for those with shortterm business on campus or for students who must switch out cars for any reason, e.g. using their parents' car. This makes you a CU Permit Holder.

- Rules are enforced year-round, including days when classes are not in session.
- Any vehicle, person or permit with three or more past-due citations may not park on campus and is subject to tow.
- If you park anywhere other than a marked space, your vehicle may be towed.
- Towed vehicles may be retrieved from Parking Services during business hours or after hours from the CU Police Department.
- Clemson operates on revised parking regulations on home football game days including the Spring Game. See clemson.edu/parking/football for details.
- Towing begins 2 hours prior to Brooks Center events from logo marked spaces (known as Patron's row) within C-11. The marquee at the entrance of C-11 will be updated for each event.
- Any person to whom a decal has been issued shall remove the decal from the vehicle when the vehicle is sold or traded. Failure to do so can result in citations being automatically linked to your account.

Visit clemson.edu/parking/permit to read the following in their entirety:

- Parking Rules and Regulations
- Permit Placement
- Manage My Account (view citations, pay citations, appeal citations)

ACCESSIBLE PARKING

CU Permit holders who display a state-issued disability parking permit are required to register the permit with Parking and Transportation Services (PATS) office prior to use on campus. CU Permit Holders are required to purchase and display a campus parking permit, even when displaying an ADA permit. Contact PATS to register your ADA permit.

Student temporary disability permits, valid up to four weeks, may be obtained with prior approval from Student Accessibility Services (SAS). PATS does not review any medical documentation. To obtain approval, please first call SAS at 864-656-6848 or visit them in Suite 439 in the Class of '56 Academic Success Center.

Employee temporary disability permits may be obtained with prior approval from the Office of Access and Equity. PATS does not review any medical documentation. To obtain approval, call them at 864-656-3553 or visit them in 223 Brackett Hall.

DAILY PARKING PERMITS

Students, faculty and staff who occasionally drive to campus may purchase daily parking permits for $4/day when vehicle access is needed. Purchase online at clemson.edu/parking.

METERED PARKING

Visitors and CU permit holders (CUPH) must pay to park in designated multi-space metered areas under these guidelines:

- Everyone (excluding visitors who park in metered space) must obtain and display a permit to park anywhere on campus at any time. Students are not visitors.
- **Payment is required by all users 7 a.m.-10 p.m., seven days a week,** using cash, credit or pay by phone (using the Flowbird app).
- Visitors - No permit required: "Three-Hour Visitor Meter Limit" or as otherwise posted.
- CUPH: park for the "One-Hour CU Permit Limit" or as otherwise posted. Note: some meters are for "Visitors Only" and may not be used by a CUPH.

MOTORCYCLE/MOPED

- Everyone must obtain and display a parking permit to park a motorcycle or moped anywhere on campus at any time.
- Motorcycles and mopeds may only park in designated motorcycle and moped parking areas.

ON MOTORCYCLES, THE DECAL SHOULD BE PERMANENTLY AFFIXED TO THE LEFT FRONT FORK. ON MOPEDS, THE DECAL SHOULD BE PERMANENTLY AFFIXED TO THE REAR WHEEL COVER.

KEEP YOUR VEHICLE INFO UP TO DATE

For your parking permit to be valid, your vehicle information (license plate number, year, color, make, and model) must be accurate and linked to your permit. Wrong vehicle information may result in a parking citation or tow.

SUSTAINABILITY INITIATIVES

CARPOOL PROGRAM

Clemson University students, faculty and staff with similar schedules at least four days per week may apply for the carpool program. Perks include:

- Dedicated, preferred parking
- Reduced parking permit fees
- FREE permits for groups of two or more participants.

Visit clemson.edu/parking for permit guidelines, carpool group applications and more information.

EMPLOYEE LEV AND EV

The Employee Low Emission Vehicle (LEV) and Electric Vehicle (EV) programs are available to approved faculty and staff current parking permit holders. Program participants have access to dedicated spaces across campus.

Visit www.clemson.edu/campus-life/parking/employees/lev.html for an application, qualifications, and program details.

STUDENT EV

Students EV supplemental permits are available when purchased with a student permit. Participants must come to the PATS office with their vehicle registration to purchase their EV permit.

VIRTUAL PERMITS

Your license plate is your permit. Employees and Resident students who purchase parking permits will not receive a permit in the mail because the license plate is the permit. Please pull into parking spaces so that your vehicle license plate is visible from the travel lane.

Park-N-Ride locations are available. Your assigned lot is based on the permit selected at the time of purchase. Your permit can be used to park on campus according to your parking regulations beginning at 4:30 p.m.-2 a.m. on weekdays and from 4:30 p.m. Thursdays until 7 a.m. Mondays. (Official Use permits are only valid during this time). When Park-N-Ride shuttles are suspended, your permit can be used to park on campus according to your permit regulations. Visit clemson.edu/parking/permit for complete parking regulations.

PARK-N-RIDE ROUTES

(Mon-Thurs, 7 a.m.-6 p.m.)
East PnR (P-7/P-8 to Academic Success Center):6-10 min service
