

Environmental Remediation SOP

Clemson University maintains remediation contract services for planned (non-emergency) and emergency environmental remediation site work. These contract services are managed by Occupational and Environmental Safety. Instructions for specific locations and contacts for each are as follows:

If an incident/spill occurs at any CU facility statewide, please contact June Brock-Carroll at 864-633-6357 or juneb@clermson.edu. (If June is not available contact Jim Grieger, Executive Director, OES @607-229-0695 or jgrieger@clermson.edu.) OES will evaluate the situation and determine if remediation is needed.

If the need to activate remediation services **at the CURI campus** occurs, [contact Kurt Rayburg, Low Country Safety Manager, 843-730-5073 or Jim Grieger at 607-229-0695 or \[jgrieger@clermson.edu\]\(mailto:jgrieger@clermson.edu\)](#).

[In addition, the following people at CURI should be contacted and have authorization to activate the remediation contract for CURI:](#)

CURI incidents:

James Tuten, Director of Facilities, CURI
843-730-5071 or jtuten@clermson.edu

Prior to the start of any remediation work, if **regulated waste** is involved or will be generated (whether research or institutional in nature), contact:

June Brock-Carroll, OES Hazardous Materials/Environmental Compliance Manager; 864-633-6357 or juneb@clermson.edu
