Email: _____

Amount of Funding (in U.S. Dollars): _____

Principal Investigator: _____

Purpose: _____

Acknowledgment

Clemson University encourages faculty to develop collaborations with key stakeholders who have an interest in supporting a line of research. Stakeholders frequently wish to provide start-up or maintenance support to advance a line of inquiry, but require no set deliverables and do not consider the funding as philanthropic support.

By signing below, the entity/individual providing funding for this Catalyst Award acknowledges and agrees to the following:

1. This Catalyst Award requires no contractual terms and conditions. If a purchase order or other contractual document is issued by the Funder, the terms and conditions thereof are void. Funding that requires an official University agreement, terms and conditions regarding intellectual property rights, or specified deliverables or outcomes, including required reports, is not eligible to be provided to University as a Catalyst Award.
2. The total value of any individual Catalyst Award may not exceed \$20,000.
3. Any single Funder is limited to total funding per University's fiscal year (July 1 – June 30) of no more than \$20,000.
4. Funding for which the Funder requires a gift receipt for tax purposes is not eligible to be provided to University as a Catalyst Award.
5. Funding is not being provided to support a current sponsored project between the University and Funder.
