DIVISION OF
STUDENT AFFAIRS
BRAND GUIDELINES
AN EXTENSION OF THE CLEMSON UNIVERSITY BRAND GUIDE
DEVELOPED BY STUDENT AFFAIRS CREATIVE SERVICES
The Clemson Experience comprises tradition, history, spirit and success. The Experience is the life of our campus and all who encompass it. In order to brand this Experience, both campuswide and within the Division of Student Affairs, visual standards are necessary for ensuring accuracy. From wordmarks to font types, consistency among the division’s communication pieces is essential in order to relay our message in the most effective manner.

In an effort to maintain a high level of division standards and achieve a uniform identity, the following topics are addressed in this document: visual identity, editorial and web standards. These standards are meant to bring visual, editorial and web elements together to create a strong image for our division and institution. Adhering to these standards ensures the Clemson brand is evident in all publications.

VISUAL GUIDELINES

The Clemson brand is one of the most highly recognized, valuable brands among all universities and the Division of Student Affairs brand is an extension of that brand. That is why we guard it so carefully. The colors, typefaces, wordmarks and logos used in the division brand are approved within the Clemson University brand. For more information regarding specific University colors, typefaces, wordmarks and logos — including the Tiger Paw — please refer to the Clemson University Brand Guide at clemson.edu/brand.

EXPERIENCE CAMPAIGN

The EXPERIENCE campaign was developed to showcase the arc of events, friendships, successes, outings and explorations as their overall “experience.” The concept of the campaign speaks to the arc that happens beyond the classroom and conveys the high-energy, caring, Clemson Family and student-centered aspects that are integral to the Division of Student Affairs. EXPERIENCE marks are used to elevate the visual identity of the division and highlight all of the many areas influenced by Student Affairs and all follow the same general guidelines:

• EXPERIENCE marks must be used in an approved configuration
• EXPERIENCE marks must appear in their official colors
  - Clemson Orange and an 80% tint of College Avenue for use on light-colored backgrounds
  - Goal Line and an 80% tint of College Avenue for use on dark-colored backgrounds
• EXPERIENCE marks must be reproduced at a size that is easily readable on digital publications
• EXPERIENCE marks must be reproduced at a size minimum of 0.5 inches wide on print publications
• EXPERIENCE marks must have a minimum clear space equal to the height of the colon in the EXPERIENCE mark and must be maintained on all sides of the mark
• EXPERIENCE marks must not be altered in any way and should only be used in the acceptable use examples shown to the right
• EXPERIENCE marks must appear on all division publications unless the traditional “DIVISION OF STUDENT AFFAIRS” is used.
• When referencing the EXPERIENCE campaign in text, both words should be written in all caps in Trade Gothic Next LT Pro Heavy Condensed when possible.

Approved Division of Student Affairs EXPERIENCE marks are available by contacting Student Affairs Creative Services at sacreative@clemson.edu.
OFFICIAL WORDMARKS AND GRAPHICS

Wordmark usage is the keystone to the division’s visual identity. The division’s primary wordmarks are Level 3 (academic and nonacademic) marks within the Clemson University brand. The wordmarks are used to encourage instant recognition among our various audiences by maintaining a consistent look and all follow the same general guidelines:

• Wordmarks and graphics must be used in an approved configuration
• Wordmarks and graphics must appear in their official colors
  • Wordmarks should appear in one color, Clemson Orange, for use on light-colored backgrounds
  • Wordmarks should appear in one color, Goal Line, for use on dark-colored backgrounds
• Wordmarks and graphics must be reproduced at a size that is easily readable at 72 dpi when viewed at actual size on digital publications
• Wordmarks and graphics must be reproduced at a size minimum of 1 inch wide at 300 dpi at actual size on print publications
• Wordmarks must have a minimum clear space equal to 50% of the letter height of the division or department name must be maintained on all sides of the mark
• Wordmarks must not be altered or distorted in any way and should only be used in the acceptable use examples shown to the right

PHOTOGRAPHY AND VIDEOGRAPHY

Photography used in publications should convey the division’s slogan and support the EXPERIENCE campaign by featuring students shown in engaged, satisfied and successful behavior. This is often illustrated through photography showcasing the University’s most valued and distinct attributes — family, collaboration, spirit, competition, focus, determination and bold energy. Photography and videography should maintain a consistent look and follow the same general guidelines:

- Photography and videography should be candid
  - Subjects should not be aware of or looking at the camera
  - Exceptions are allowed for staff portraits and interviews
- Photography and videography should be tightly cropped
- Photography must be reproduced at a minimum resolution of 300 dpi at actual size on print publications
- Photography and videography must be reproduced at a minimum resolution of 72 dpi at actual size on digital publications

Departments should prioritize the need for high-quality and high-resolution photography and videography of their programs, services, facilities or activities. Services can be obtained by contacting the University’s professional photographers at clemson.edu/brand/guide/photography.html or by calling 864-656-3205. Student Affairs Creative Services can also provide students, based on availability, for photography and videography services at sacreative@clemson.edu.

PRINTED PRODUCTS

Printed products are the physical extension of the Clemson University and Division of Student Affairs brand. Printed products includes, but is not limited to, imprinted products, stationery, business cards, letterhead and envelopes, name badges, invitations and notecards and any printed department publication. In order to effectively support the Student Affairs Brand Guidelines and tie departments within the division together, all printed products must follow the same general guidelines:

- All colors and typefaces used must adhere to the Clemson University and Division of Student Affairs brand guidelines
- All photography must adhere to the Clemson University and Division of Student Affairs brand guidelines
- The department name and web address must be included
  - The department address and phone number are recommended
- An approved EXPERIENCE mark or DIVISION OF STUDENT AFFAIRS must be included
  - DIVISION OF STUDENT AFFAIRS must appear in all caps

Student Affairs Creative Services can review all publication pieces prior to use to ensure brand adherence and consistency. Departments should consistently seek out feedback from students regarding department publications and apply that feedback to increase success in messaging and visual elements.

Imprinted Products

Imprinted products include, but are not limited to, promotional items, giveaways, stickers, apparel and uniforms. Imprinted products should elevate department messaging to the Division of Student Affairs level and provide clarity to the Division of Student Affairs message. In order to reduce costs across the division, all imprinted products must be approved by the Division of Student Affairs associate vice presidents. Consult with Student Affairs Creative Services before making any purchases at sacreative@clemson.edu.

Apparel and Uniforms

Departments can order apparel and uniforms in order for staff or student employees to be able to complete the tasks and responsibilities outlined in their job. Apparel and uniforms approved for department purchase are defined as items necessary to ensure the safety of a staff member, student employee or patron. Promotional items for a group or initiative are not approved at this time.

Nametags are available for all staff and student employees; however, if a nametag is not sufficient for recognition in a job or role where staff and student employees need to be easily recognizable, T-shirts and polo shirts utilizing the division lock up approach to department branding, seen in Division of Student Affairs’ Level 3 logos, can be ordered.

ANY exception or need outside of the above must be approved by the Division of Student Affairs associate vice presidents. Consult with Student Affairs Creative Services before making any purchases at sacreative@clemson.edu.

Name Badges

Clemson name badges are intended to provide University business information only. The employee name, title, department name (in all caps), and Division of Student Affairs are required on all name badges. The employee name size should be 18 point, title in 14 point, department name in 12 point and Division of Student Affairs in 10 point. All text fields must be in all caps. Name badges can be ordered directly from Ricoh through BuyWays at clemson.edu/procurement/how-to-buy-pay/goods-services/stationery.html.
Stationery

Stationery is the primary means of establishing the University and division’s image at the personal level. Letterhead, envelopes, business cards and related items should reflect the same standards of consistency for all University units and should be printed in a quality manner.

To maintain consistency in design and color, and for speed and cost efficiency, orders for official stationery must be placed with Ricoh on campus through BuyWays. Initial orders of stationery items must be submitted through Student Affairs Creative Services at sacreative@clemson.edu for file setup, and additional orders of the same materials may be placed through Ricoh’s punchout in BuyWays. All area wordmarks and logos approved under division guidelines may be used on University stationery. Specific guidelines for stationery are as follows:

WEB GUIDELINES

The Division of Student Affairs online communications will represent the University and division in a professional manner and present informative, up-to-date, and well-designed and edited content.

WEBSITE MANAGEMENT

Division Responsible University Official (RUO)

The division RUO is the main content provider and publisher for Student Affairs’ websites. This person supports department RUOs with training, statistics tracking, web images, formatting and other support as needed.

Department RUO

Each department has a person (or people) responsible for the content on its website. RUOs are trained in the Cascade content management system and are responsible for updating content and navigation on their department sites. Each department’s RUO should follow the standards outlined here when disseminating content.

University Relations Web Services

University Relations coordinates the top-level University websites. Top-level site requests should go through Student Affairs Creative Services.

STUDENT AFFAIRS TEMPLATE

The division website design adheres to the Clemson University Cascade template design. All design elements are to be followed in order to give the University’s online presence a consistent look and feel.

The use of a content management system provides each RUO with a mechanism by which content can be quickly and easily placed on the public website, utilizing pre-designed templates. Templates allow faster and more seamless site maintenance. Templates allow use of centralized tracking, such as Google Analytics, to track site traffic.

Graphics

- Images follow University and division guidelines. The University-recommended sizes for images can be found by searching “size images for branded pages” at blogs.clemson.edu/ows.
- Images should be approved by a division RUO prior to use. The division RUO is responsible for creating all images used on the sites.
- Image size should be proportionate to the content.
- Images should use the “right” or “left” style when used inline with text to add spacing between the two and prevent visual interference.
- Images should maintain their original aspect ratio to prevent distortion. For example a 300-by-200-pixel image resized to a 200-by-133-pixel image maintains the same 3-to-2 ratio but when resized to a 200-by-100-pixel image, it does not.
- Images should not be made larger than their original size. This causes them to be grainy and blurry.

Fonts

- Clemson University templates control the font type and styles available. The current font is Verdana.
- Use of color on fonts to convey a message is not recommended and is permitted only within the guidelines of the template. Please note: The color red is particularly difficult to read and should not be used on web content.

Hyperlink Rules

- When creating a hyperlink, set the target as “new window” for links that are outside of the division site and as “same window” for sites inside of the division site. Please note: The use of “click here” is not recommended when linking to more information. Instead, use content specific text and embed the link inside the URL.

Text Styles

- H1 — page headings only
- H2 — subheadings
- H3 — subheadings
- Paragraph — all page content
- Please note: Use only paragraph style for content other than headings and subheadings. Do not underline text. On the web, underline is reserved for hyperlinks.

Editing Your Content

- To spell check:
  - Open the page in Cascade.
  - Go into “Edit” mode, and then scroll to the bottom of the page.
  - Choose “Advanced Options.”
  - Check “Check Spelling.”
  - Click “Submit” at the bottom of the page.
  - You will see a list of words if Cascade does not recognize them. Please check carefully and correct those that are misspelled.
  - Click “Submit” to save the changes.
- If errors were corrected, a page publish request will need to be submitted through TigerTracks.

SECTION 508 WEB ACCESSIBILITY

In concurrence with the University, Student Affairs complies with the state mandate that online content should be made accessible to all types of clients. More information on University governance policies regarding accessibility can be found at clemson.edu/campus-life/campus-services/ows/governance.html.
WEBSITE REVIEWS
Student Affairs Creative Services performs periodic reviews of all division websites. Reviews scan for incorrect or out-of-date content, broken links, editorial style guide compliance, skewed images and misspelled words.

JOB REQUESTS
• Department members with questions or updates for their department website should contact their RUO first for assistance.
• All jobs should be entered into TigerTracks online at ccit.clemson.edu/it-help or by emailing ithelp@clemson.edu.
• When emailing, use this subject line: SA web — your department name — type of request, i.e., publish or edit.
